

2019-2020 Career Exploration Events for PSSD Students

****Dates and details will be sent out to schools as events draw closer****

September		
Assiniboia and District Career and Business Expo 	Do you know what careers available to you? Are you curious about the possible post-secondary options after you have graduated? Are you aware of employment opportunities after grade 12? This event provides students from grades 9-12 with the opportunity to learn a great deal about post-secondary, business and career options both near Assiniboia as well as in various places in Western Canada.	
October		
Think CET 	Do you know much about Computer Engineering Technology? This event focuses on learning the basics of being part of a Computer Engineering team with hands on exposure to game making and robotics. During the course of the day you will find out more about the career path you can follow in CET, plus meet students that are part of alumni of the program and recent graduations. This is hosted through Sask Polytech.	
Think Water Engineering Technology 	This one day event will center on career opportunities in Water Resources Engineering Technology, introduction to various water-related topics including meteorology, groundwater, hydraulics, and hydrology, hands-on learning with real-world instruments, and study the movement of water in the atmosphere rivers and aquifers, using laboratory-scale models.	
November		
Think Ag 	Do you know about John Deere technology? Have you priced and marketed a combine? How to the parts get to the farmer when their tractor needs repaired? Attend Think Agriculture to learn firsthand some of the career opportunities present in the industry. Spend the day connecting with mentors learning about business behind agriculture.	
Moose Jaw Post-Secondary Day 	Do you know what careers available to you? Are you curious about the possible post-secondary options after you have graduated? Students from grades 11-12 are given the opportunity to meet with recruiters from various post-secondary institutions in Saskatchewan and Alberta. This is open to all students across Prairie South.	
March		
Think Ag 	Tentative event. Info will be sent out if happens	Do you know about John Deere technology? Have you priced and marketed a combine? How to the parts get to the farmer when their tractor needs repaired? Attend Think Agriculture to learn firsthand some of the career opportunities present in the industry. Spend the day connecting with mentors learning about business behind agriculture.
April		
Think Construction 	How many skill trades are involved in the construction field? What character traits are necessary for a successful career in construction? What is the best way to get a job? Attend Think Construction to learn firsthand some of the career opportunities present in the industry. Spend the day connecting with mentors in hands on interactive activities related to skill trades in the construction field.	
May		
Cardboard Boat Races	Design, construct and race a boat made of cardboard across a swimming pool. Participating schools will be provided with the required materials on the day of the event to design and construct their cardboard boat.	
Think IT 	To what extent does a career in the information technology field interest you? What do you know about App development? How can coding be fun? Attend Think IT to learn firsthand some of the career opportunities present in the industry. Spend two days interacting with mentors who have careers in the IT field.	
September to June, 2018-2019		
Relevance Magazine 	Published annually (usually February) career magazine delivered around the province: provincial and federal schools, community based organizations, CanSask offices, all post-secondary institutions and sponsors. On-line copies (present and past publications) can be found at www.saskatooniec.ca/relevance . A classroom resource for the can be sent to you be the Career Development Consultant.	
Up to Date Monthly Career Information	For up to date career exploration events and opportunity please refer to Student Career News on the Prairie South Website under <i>Student</i> tab.
