

## Credit Tracking (OLD--for those in gr. 10 before 2024-2025)

As you learn more about yourself and begin implementing your career plan, you will be able to select the courses that best suit your abilities and need. Keep your options open. It is easier to obtain course credits while in high school than after you graduate. Course options vary depending upon the resources available and the student needs at each school. To provide equitable opportunities, Prairie South Schools offers a wide variety of online courses. To graduate from high school, the Saskatchewan Ministry of Education requires students to complete the following minimum 24 credits.
