Tentative CUPE Local 5512 Agreement

The current CUPE 5512 Agreement expired on August 31, 2022. The employer and union agreed in May of 2022 to defer bargaining to the fall of 2022. After two interest-based bargaining sessions held September 28 and 29, 2022, and through a collaborative process, the parties reached a tentative agreement on September 29, 2022. The tentative agreement was ratified by CUPE 5512 members in early November 2022. The Board voted unanimously today in favour of the agreement. The fully signed agreement will be available on our Prairie South website. Prairie South would like to extend our thanks to the CUPE 5512 Executive and National CUPE Representative Alex Lenko for their work with our team for a successful result.
