Prairie South Schools 210
Learning together.

November 3, 2026

BOARD HIGHLIGHTS

SCHOOL AND DIVISION IMPROVEMENT ACCOUNTABILITY REPORT

The 2025-26 Learning Improvement Plan (LIP) process supported Prairie South schools in setting data-informed goals aligned with the Provincial Education Plan and the Board's Strategic Plan. Reading remained the primary academic focus, while schools also targeted math, writing, student well-being, attendance, and Indigenous Education Responsibility Framework (IERF) initiatives. Encouragingly, 44 of 84 LIPs achieved their goals, an increase from the previous year. Ongoing collaboration with school administrators, School Community Councils (SCCs), and division leadership supported continuous improvement. Family and community engagement also remained a key priority, with SCC parent events addressing attendance, the #YourPresenceMatters campaign, and the impact of screen time and social media on student well-being. Schools further strengthened learning, wellness, and family connections through attendance supports, literacy activities, community events, mental health programming, and meaningful family engagement opportunities, reflecting Prairie South's commitment to student success and well-being.

CONGRATULATIONS CORONACH SCHOOL

Congratulations to Coronach School for winning the National Nutrients for Life School Garden Award at the 2026 Communities in Bloom National and International Awards Ceremonies held in Montreal the end of October.

The award recognizes the school's commitment to school gardens, soil science, plant nutrition, and hands-on agricultural and sustainable food education in the classroom!

CONGRATULATIONS CENTRAL BOYS SOCCER

The Central Collegiate 4A Boys Soccer Team are Provincial Champions! Congratulations!
