December 7, 2021

Facilities Accountability Report

Our facilities department has done an amazing job keeping our schools and work environments safe for everybody, especially during COVID. Just over 5 million dollars was spent on infrastructure projects in our schools and buildings, from window replacements, lighting upgrades, asbestos remediation and more. Energy savings is a common goal with all our schools and sharing utility information will help school administration work towards that goal. Ensuring our schools are accessible for all has been a priority of ongoing projects for our facilities department. Work has started on tracking all accessibility systems (i.e., elevators, lifts, ceiling track systems, etc.) in our schools. We are proud of our facilities department and the excellent work they do on a daily basis to ensure all staff and students stay safe.

Provincial Education Interim Plan: Mental Health and Well-Being Priority

The Board received an update on one of the three priorities associated with the Provincial Education Interim Plan – The Mental Health and Well-being Priority. In order to support and take care of our students, our staff need to be well. The importance of connection was emphasized. Students had numerous disruptions with connections last year due to Covid – co-horting, no extra curricular, and community groups being cancelled (to name a few) limited interactions with peers. Connecting and reconnecting is a primary focus, but not our only focus. Everyday Resilience is also a main focus. Learning that it is okay to be okay. There is a lot of exciting work happening in Prairie South Schools related to the Mental Health and Well-being Priority.

Provincial Volleyball

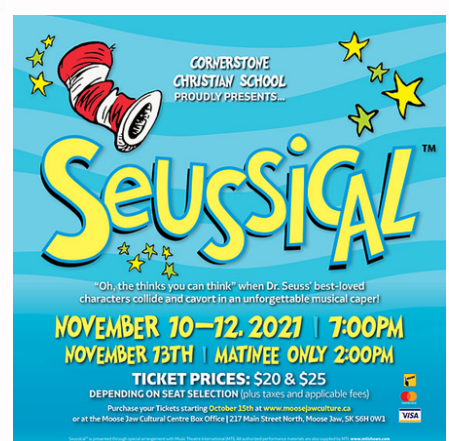

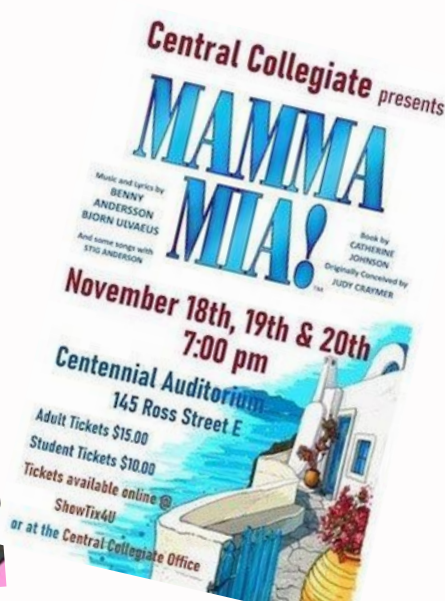

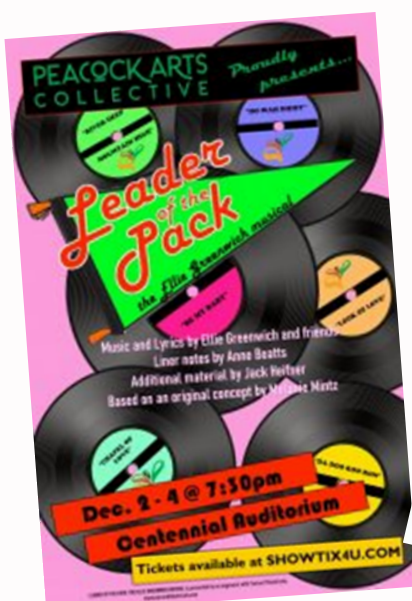

Congratulations to the following teams who won medals at Provincial Volleyball:

- AE Peacock Senior Girls Volleyball Team for winning 4A Gold
- Cornerstone Christian School Senior Boys for winning 2A Silver
- Rouleau School Senior Boys for winning 1A Silver
- Central Collegiate Senior Boys for winning 4A Bronze

Musical Theatre

Congratulations to our schools on providing Moose Jaw and area with live theatre once again!
