# Chaplin School

Home of the Cheetahs!

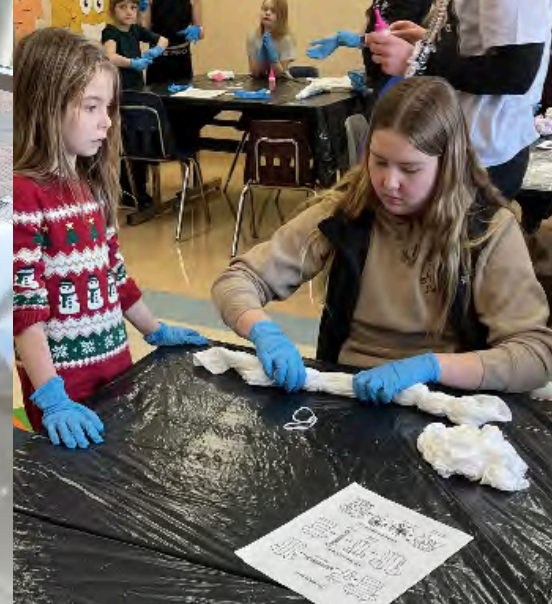

Chaplin School is a small, close-knit community school located along the #1 Highway with an enrollment of 35

students from Kindergarten to Grade 12. Our school is proud to be a hub of connection, not only for our students but for the greater community of Chaplin. We often gather for school barbecues, the Terry Fox Run, Remembrance Day ceremonies, learning luncheons, graduations, and our annual Christmas Dinner and drama production.

Our students thrive through house team activities that build friendships, leadership, and a strong sense of belonging. To support this, we strive to offer nutritional breakfast snacks to help students start their day off right. We are deeply connected to our farming and ranching roots, as well as the local salt mine, Saskatchewan Minerals, we are committed to preparing students for success in the industries that shape our province. By fostering independence, resilience, and practical skills, we help students strive toward futures in trades, agriculture, and beyond.

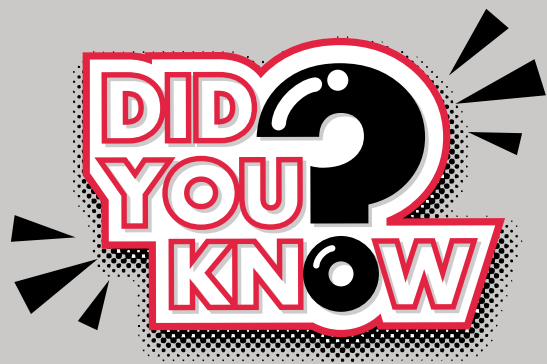

At Chaplin School, we live by our school vision:  
*"Striving together for a better future."*

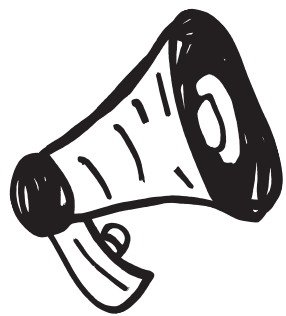

Prairie South is committed to creating environments that are accessible and free of barriers for all to participate within our school communities.

To help us discover what barriers people face, we have developed an **Accessibility Survey**, and we want to hear from you - students, parents, family members, staff, community members, agencies, or anyone who utilizes our buildings.

Scan the QR code below.

The survey is open until October 24.

We appreciate your feedback!

**We would love to hear from you!**
