Why Choose Prairie South Schools?

Our Students: Our top-quality staff and modern facilities provides a caring environment for your children, regardless of which of our schools they choose. Come and learn with us!

Our Values: High expectations for academic success, community involvement and engagement, transparency, and a collective common-sense approach guide our work. Prairie South is committed to students, classrooms, schools, communities, and our people. It shows in everything we do! Come and see what we have to offer!

Innovation: From collaborative planning to state-of-the-art equipment to an amazing range of programming options, Prairie South Schools offers a world class, 21st Century education for children and youth. Our schools are among the most diverse of any school division in Saskatchewan, and we love working together to bring the strengths of individual schools to the system as a whole. Come and lead with us!

Diversity: Prairie South Schools are representative of the world around us; we see our staff and students as unique people, each with their own strengths, interests, and needs. Our goal is to support children and families as they write their own stories. Come and share your thinking with us!

Partnerships with Parents and Community: Research shows that students achieve at higher levels in school when their parents/guardians and other community members are involved in their education. Our School Community Councils (SCCs) play a key role developing and supporting initiatives and programs to engage parents and community alike. These are unique to each school and are a great way to be connected with your kids and their friends. Individual schools in Prairie South have established a range of formal and informal community partnerships in order to promote student learning and ensure that students' school experience is positive and successful. School Community Councils enhance student learning by providing a link between division, schools, and the community. Come and share your world with us!

Program Opportunities

Learning on the Land (by application)

Learning on the Land is a 5-credit cross-curricular course offered in the second semester of the school year. The program focuses on outdoor learning experiences as opposed to learning in the classroom. Throughout the course, students will experience activities such as canoeing, camping, hiking, fishing, plant identification, water and soil sampling, and much more. The five credits that will be obtained are Wellness 10, Native Studies 10, Wildlife and Habitat Studies 10, Environmental Science 20, and ELA 10.

Personalized Sports Training (by application)

Students in grades 10-12 have the opportunity to further develop their physical capacity through our personalized sports training program. The program is open to all high school students and is based out of Peacock Collegiate. Students can improve their skills in a particular sport, receive personalized training from a certified fitness coach, and earn credits while doing it.

Dual Credit

Dual credit programs are Ministry-approved programs that allow high school students to take post-secondary courses and/or well-defined programs offered by other entities. Dual Credits provide alternative pathways to graduation by allowing high school students the opportunity to earn high school credits, and post-secondary credits or other program recognition concurrently in the same course.

Volunteerism Credit

A Volunteerism credit is offered to students for community service activities that may take place in a variety of settings, including businesses, not-for-profit organizations, public sector institutions (including hospitals and long-term care facilities), and informal settings.

Apprenticeship Credits

Students employed under the supervision of a journey person in a job which the hours worked are eligible for apprenticeship time credit through the Saskatchewan Apprenticeship and Trade Certification Commission may earn up to four secondary level Apprenticeship Credits on the basis of work proposed and completed by the student. Apprenticeship A20, B20, A30, and B30 may be used to fulfill the requirements for graduation, and to meet the PAA/Arts Education credit requirements. Only students who are enrolled in a secondary school in Saskatchewan and are employed in a trade are eligible for Apprenticeship Credits.

Special Project Credits

Special projects are student-initiated and designed to encourage the pursuit of learning in an area of personal interest or passion. The content of the special project(s) need not be related to a specific school subject.

Course Challenge

Course Challenges recognizes that some students are able to demonstrate a high level of achievement of the learning outcomes of a particular course without spending the required hours enrolled in the course. A maximum of two course challenge credits may be attained at the 10 or 20 level. A mark of 80% or higher is required to receive credit recognition.

Program Opportunities cont'd

Career and Work Exploration (CWEX)

Career and Work Exploration is to promote career planning and decision making through work-based learning complemented by classroom learning. The areas of focus for the Career and Work Exploration 10, 20, A30, B30 curriculum are the three stages of the career development continuum: awareness, exploration, and experiential. As students progress from one level to the next, the amount of time spent in work-based learning increases while the amount of time spent in classroom learning decreases.

Think Opportunity ...Think Snapshots

These are events where students, primarily in grades 10 to 12, learn first-hand about the career opportunities available in current day industry. Students will:

- Connect and problem solve with industry experts and develop career mentors
- Gain hands-on experience
- Explore future career pathways
- Have exposure to possible work opportunities through high school credits

Think Opportunity Snapshots include:

- Think Agriculture
- Think Business
- Think Computer Engineering
- Think Construction
- Think Elite Hairstyling and Aesthetic
- Think Health
- Think Tourism

Try A Career

Try a Career gives students the opportunity to explore a variety of career paths through hands-on learning experiences and meaningful conversations with representatives from post-secondary institutions, as well as local and provincial businesses. Students can ask questions, learn about different programs and training requirements, and gain a better understanding of the many opportunities available to them after graduation. This event is designed to help students make informed decisions about their high school courses while empowering them to confidently plan for their future careers.

Saskatchewan Youth Apprenticeship (SYA)

SYA raises awareness of apprenticeship opportunities in Saskatchewan schools by helping young people discover what rewards come with being a Youth Apprentice and working in the skilled trades. SYA enhances student career development by exploring the world of opportunities skilled trades offer Saskatchewan youth.

Service Best

Service Best is an award-winning, internationally recognized program designed to assist frontline staff in the delivery of superior customer service.

Program Opportunities cont'd

Career Safety Education

This programming provides core safety orientations online at no charge. To complete Career Safety Education, three safety courses must be completed. The two mandatory courses are:

- Young Worker's Readiness Certificate Course (YWRCC)
- Workplace Hazardous Materials Information System (WHMIS)

Depending on your career interests, you can choose one of the following orientations:

- Agriculture: OATS (Online Agriculture Training System)
- Heavy Construction: RSTS (Roadbuilders Safety Training System Online)
- Construction and Trades: SCOT (Saskatchewan Construction Orientation Training)
- Healthcare: WAVE (Workplace Assessment and Violence Education)
- Energy: EGSO (Electronic General Safety Orientation)

Other Opportunities

Other external training that offers credits include:

- Royal Conservatory of Music
- Military
- National Lifeguard

Prairie South Offers . . .

Flexible Programming

At Prairie South we strive to meet the needs of all our learners, creating the high school experience that supports their academic needs and interests. As a result, Prairie South is partnering with community organizations, providing flexible programming so that students can pursue interests and activities during the school day and earn credits towards graduation. Current partnerships include, but are not limited to:

- Village/Global Sports Academy
- Golden Ticket Sports
- Gottselig Athletic Performance (GAP)

Electives

We work hard to ensure all students are engaged in their learning. Each of our schools have a wide variety of elective options to peek students' interests. For more details on these and other programs at each school, please visit each school's website at <https://www.prairiesouth.ca/schools/our-schools/> or call the school.

Extra-Curricular

Prairie South Schools offers a wide variety of extra-curricular activities where students can be involved in school life outside of the classroom. Please visit each school's website at <https://www.prairiesouth.ca/schools/our-schools/> or call the school to determine which activities the school offers.

If you have any questions about program options or how to access any of these options, please talk to your school administrator(s) or a Career Development Consultant.

- Three Well-Equipped Computer Labs

Business-Education Partnerships

A.E. PEACOCK COLLEGIATE ADVANTAGE

Join, lead, learn, and succeed! Belongingness, involvement, and boundless opportunities make A.E. Peacock Collegiate the dynamic comprehensive collegiate that it is. Located in the heart of Moose Jaw, Peacock possesses a positive, caring atmosphere that allows students to achieve their very best. Responsive to changing needs, our school offers fresh, innovative programming in academics, technology, athletics, fine arts, and the skilled trades. Our grade 9 "family" model works to further connect students to staff in a small group setting to achieve student goals. Consequently, our students attain valuable post-secondary experiences, find employment in industry, and become contributing citizens and leaders in their communities. In short, Peacock Collegiate truly has something for everyone!

DIVERSE COMMUNITY

A.E. Peacock's strength is our collective diversity. We welcome all types of learners and are proud that our students represent more than 25 different nations from around the world. Those students who require adaptations, modification, second language support, or hands-on opportunities are supported by a knowledgeable and experienced staff. We believe in strong school and home partnerships including an active school community council and many parent volunteers. At Peacock, we strive to create a positive school environment that empowers our students personally, socially, and academically.

GRADE 9 PROGRAM

Our family motto is *Education Through Teamwork*. Students are grouped with specialized middle years teachers to help lead them through the transition to high school. This family atmosphere provides students with a small, safe environment in which they can build close relationships with teachers and other students. Parents are an integral part of our team, and we keep in close contact to ensure a positive experience for students.

The core classes of English language arts, math, social studies, and science are taught in the morning while a wide range of electives are offered in the afternoon. Teachers will adapt, as necessary, to help students achieve success in their course work. All family teachers are available for extra help and students are encouraged to take advantage of this. Our family program has provided a successful foundation for Peacock students for nearly 35 years.

New programs we implemented last year include 3D Printing, Machining class and Hairstyling & Aesthetics (Cosmetology). The 3D Printing allows students to create and print their own designs. The Machining class is an introduction to using the metal lathes and learning the skills necessary to enter the trade. The Cosmo class is an introduction to hair and makeup.

GRADE 9 ELECTIVES

- Ag Studies
- Autobody
- AutoCAD
- Aviation/STEM
- Band
- Choral
- Clothing & Fashion
- Construction & Woods

@CCImj ccicycolonation

CENTRAL COLLEGIATE ADVANTAGE

Because of its extraordinary people, Central Collegiate has an exceptional learning environment. Positive energy and a supportive community serve to engage students in 21st century competencies and learning. With being the oldest standing public high school in the province, we are steeped in a tradition of excellence in academics, athletics, and the arts. Central Collegiate students feel a strong connection to their school, as staff and students work hard to create an atmosphere of inclusion, support, and belonging. Central Collegiate's 110-year-old vision statement of Recte Putando et Faciendo or By Right Thinking and Doing still resonates today.

Central Collegiate offers French Immersion for those wanting to earn their bilingual certificate achieving 12 of 24 credits in French. This program allows students to achieve a high level of proficiency in a second language, while they continue to develop English language skills. Our French immersion team collaborates not only with each other but also with the division team and the community to offer and participate in cross curricular activities and cultural events.

Central also offers Advanced Placement (AP) classes. AP is for students who excel and wish to further enrich their experience in certain subject areas. This program is currently offered in Calculus, Art, and Biology. We also support dual credits when offered from local universities. These courses carry the potential to earn a university or college credit prior to leaving high school.

Students requiring additional support, enrichment, modification, English as an Additional Language support, or individualized programming will find the help to meet their needs. Our Student Support team works with ALL students to ensure that academic needs are being met, and ALL students achieve personal success.

DIVERSE COMMUNITY

Our cultural diversity contributes to the richness and strength of our school. At Central, we have a strong EAL (English as an Additional Language) Program with teachers from diverse backgrounds. All EAL students are supported throughout their English language acquisition journey as programming needs are individualized for each student to match their level of language competency. Our EAL students work on locally developed curricula to support their progress with the CFR Level (English competency level) in four strands of language: speaking, listening, reading, and writing.

At Central Collegiate, with over 35 spoken languages, we believe that diversity is our strength. The importance of inclusive diversity can sometimes be taken for granted, but there is no doubt that we are all better, stronger, and more successful because of it.

Central Collegiate has a reputation for high-quality Arts and Athletic Programs. Programs that are a source of great pride are the Musical Theatre and Theatre Arts courses in addition to our dynamic choir and band programs! We also offer Athletic programming such as Outdoor Education and Personal Fitness in addition to our array of high performing extra-curricular sport teams.

Central Collegiate takes pride in the reputation of our close family atmosphere. At CCI, there is something for everyone!

WHAT SETS US APART

Central Collegiate has a strong tradition of excellence combined with a deep sense of belonging. We offer diverse academic opportunities, outstanding arts and athletics, and comprehensive student supports. Our culturally rich, inclusive community ensures every student is known, supported, and inspired to succeed.

 - Leadership
 - Woods

- Courses offered in French Immersion *
- Français
 - Mathématiques
 - Sciences OR Bien-être avec Sensibilisation aux carrières
 - Éducation Physique
 - Sciences Humaines

*FI students can select electives from the English stream

GRADE 9 PROGRAM

A smooth transition from Grade 8 is important for students, and it is essential that students feel comfortable and safe as they enter a new learning environment. By creating a strong sense of belonging, students are more likely to engage in learning. To accomplish this, we offer a welcome event before school starts in the fall for Grade 9 students and their families. This includes a tour so students can easily find their classes on the first day of school.

At Central we strive to offer the following:

- A safe and caring learning environment
- Current instructional and assessment practices
- A well-rounded extra-curricular program
- A commitment to inclusion by celebrating diversity

RIVERVIEW COLLEGIATE

650 Coteau Street West, Moose Jaw, SK S6H 5E6

Phone: 306.693.1331

Web: <https://schools.prairiesouth.ca/riverview/>

WHAT SETS US APART

Our students love Riverview for our:

- Block scheduling instead of semester system
- Smaller, close-knit community
- Rock Band Class
- Rex's Diner
- Welding
- Wood Construction
- Photography
- Home Economics
- Spacious Band area complete with practice rooms
- Career Work Experience
- Visual Art
- Physical Education 20/30
- Wildlife Management

"The school gives off a family vibe. The teachers work hard to make you feel safe and welcomed. There's always something fun happening that makes you want to come to school."

-Lexus S, Grade 11

RIVERVIEW COLLEGIATE ADVANTAGE

At Riverview Collegiate, our motto is *Where Everybody Is Somebody* as students easily find themselves part of the Riverview family. While we are large enough to offer a variety of course options and a complete range of extra-curricular offerings, Riverview is small enough for the development of a warm and personal atmosphere.

Riverview Athletics:

At RVCI we believe that on our sports teams, we have strength in numbers. This means we don't cut our Grade 9 student-athletes; we develop, play, and compete with them.

DIVERSE COMMUNITY

Riverview is a place where students from many diverse backgrounds feel at home and find a place to fit in. We pride ourselves in being an inclusive community. We offer academic programming for all types of learners to meet the unique needs of all students. Riverview offers regular courses as well as modified and alternate courses.

Our school is proud of the varied and often unique programming we offer. Students can enjoy many opportunities to get involved outside the classroom with activities such as SRC, Crochet Club, One Act Plays, Dance Club, Board Game Club, Art Club, SADD, Dungeons and Dragons, Treaty 4 Club, as well as numerous athletic teams. Riverview has the only high school archery club in the city and participates in the provincial tournament on a yearly basis.

At Riverview Collegiate, we strive to create a positive and safe school environment *Where Everybody Is Somebody.*

PRACTICAL AND APPLIED ARTS SURVEY COURSE INCLUDES:

- Food Studies
- Clothing
- Interior Design
- Construction
- Drafting
- Visual Art
- Drama
- Graphic Design
- Photography

"I like how the school is nice and small with a great teaching staff. I feel like you get a lot more support than you would at one of the bigger schools."

-Zalan D, Grade 10

Did you know we run on the block system . . .

Riverview offers a block system with 2 classes a day. Here are advantages of the block system:

Deeper Focus on Fewer Subjects

- **Fewer Classes at a Time:** students typically take 3-4 classes per term instead of 6-8, allowing them to focus more deeply on each subject.
- **Longer Class Periods:** extended periods (often 75-90 minutes) provide time for in-depth discussions, hands-on activities, and project-based learning.

Reduced Stress

- **Manageable Workload:** with fewer subjects at a time, students have less to juggle, which can alleviate stress and improve mental health.
- **More Time for Assignments:** longer class periods often include time for starting assignments in class, giving students a head start and reducing homework load.

Improved Teacher-Student Interaction

- **Strong Relationships:** spending more time with the same teacher each day fosters strong connections and better communication.
- **Individualized Attention:** teachers can dedicate more time to addressing individual student needs during extended periods.

Enhanced Learning Opportunities

- **In-Depth Projects:** longer classes allow time for labs, projects, and creative activities that would be rushed in shorter periods.
- **Better Retention:** concentrating on a smaller number of subjects over a shorter term may improve retention compared to spreading courses over a longer semester.

Flexibility

- **Credit Recovering or Acceleration:** students can complete courses more quickly and, if necessary, retake a class within the same year without falling behind.
- **Variety of Offerings:** more courses offered throughout the year, giving students a wider array of electives and opportunities.

GRADE 9 PROGRAM

A smooth transition from Grade 8 is one of the main objectives of Riverview's Grade 9 program. By offering students a smaller and welcoming learning community, Riverview creates a sense of belonging that connects students to each other, to the faculty, and to their learning. This encourages Grade 9 students to be positive contributors to the school culture.

Grade 9 students obtain the compulsory courses to meet core curriculum requirements. Students are able to choose elective courses from the Practical and Applied Arts and Performing Arts classes that Riverview offers.

The Grade 9 class at Riverview has a dedicated Student Support Teacher that team teaches with the grade 9 teacher during core classes to help support students in their academic transition to high school.

BRIERCREST CHRISTIAN ACADEMY

LEARNING OPPORTUNITIES BOTH IN PERSON AND ONLINE

For 80 years, Briercrest Christian Academy has provided quality education, dedicated teachers, vibrant arts, athletics, and dorm life in a supportive rural Saskatchewan faith-based community.

Briercrest Christian Academy Online is accessible throughout Saskatchewan, enabling students in Grades 10–12 to learn from a Christian worldview at their own pace and from any location.

CORNERSTONE CHRISTIAN SCHOOL

43 Iroquois Street East, Moose Jaw, SK S6H 4S9
Phone: 306.693.2937
Email: ccsoffice@ccsmj.ca
Web: www.ccsmj.ca

- ### WHAT SETS US APART
- Providing Saskatchewan provincial curriculum from a Christian worldview
 - The only K-12 school within the City of Moose Jaw
 - Full academic and extra-curricular programs within a smaller school
 - Worship leadership
 - Service and mission opportunities for Grades 9-12
 - Annual Broadway style musicals performed at the Mae Wilson Theatre
 - No classes on Friday afternoons
 - Shadow days for prospective students
 - Pre-School (Ages 3 & 4)

CORNERSTONE CHRISTIAN SCHOOL ADVANTAGE

Cornerstone is a unique school community where teachers and students journey together in their education. This allows us to get to know our students, their strengths, and areas where we can serve them in tailored ways. The CCS High School priority is integrating learning and life. Classes begin shaping college enrolment, co-curricular opens opportunities for scholarships and performance, and we move from learning about Christian values to living out our faith. Each student is different, but all of them have access to similar story shaping experiences through local and global service, outdoor exploration trips, musical productions, athletics, and a culture that nurtures their gifting and passions. The smaller class opportunities provide a catalyst environment for growth and engagement, communities where students come around each other, and lifetime relationships and memories.

- #### Specialized Offerings
- Weekly Chapels
 - Christian Ethics 9, 10-30
 - Choral 90, 10-30
 - PAA 90, 10-30 Survey Courses
 - Construction
 - Electrical
 - Robotics
 - Outdoor Ed
 - Wildlife Management
 - Grade 11 Missions & Ski Trip
 - Grade 9-12 retreats

DIVERSE COMMUNITY

In a world that struggles with differences and compassion, Cornerstone staff and students come from 23 different denominations and come together to focus on our commonly held Christian beliefs. Students also do life together with exchange students that enroll with us from all around the world. Throughout the year, we intentionally create opportunities for community building through events such as Welcome Week, Connection Week, and a host of student-led activities.

GRADE 9 PROGRAM

Beginning in grade 7 students are introduced to their future high school teachers. Though it is marked by a walk across the stage at the grade 8 year-end celebration, the transition to grade 9 at CCS is as smooth as moving to the classroom down the hall. Grade 9 students are given the opportunity to join high school athletics, student leadership, and fine arts.

To mark the beginning of the high school adventure, our grade 9's retreat together to grow personally and as a class team. Students return ready and strengthened in their confidence and community for the high school adventure ahead!

- #### Extra-Curricular Activities
- Football
 - Golf
 - Soccer
 - Basketball
 - Volleyball
 - Badminton
 - Curling
 - Track and Field
 - Student Leadership Council
 - Musicals
 - Vocal Jazz
 - One Act Drama
 - Grade 8-12 Annual Ski Trip
