Letter of Transmittal

Honourable Gordon S. Wyant, Q.C.
Minister of Education

Dear Minister Wyant:

The Board of Education of Prairie South School Division No. 210 is pleased to provide you and the residents of the school division with the 2018-19 annual report. This report presents an overview of the Prairie South School Division's goals, activities and results for the fiscal year September 1, 2018 to August 31, 2019. It provides audited financial statements that have been audited by an independent auditor following the Canadian Generally Accepted Auditing Standards.

Respectfully submitted,

A handwritten signature in black ink that reads "Robert Bachmann". The signature is written in a cursive style.

Robert Bachmann, Chair

Introduction

This annual report presents an overview of Prairie South School Division's activities and results for the fiscal year September 1, 2018 to August 31, 2019, including governance structures, students, staff, programs and facilities. It also offers information about our work related to the Education Sector Strategic Plan (ESSP) priorities.

In addition to detailing the school division's activities and performance, this annual report provides a report from management endorsing the financial overview and audited financial statements. Financial statements included in this report have been audited by an independent auditor following Canadian Generally Accepted Auditing Standards.

Governance

The Board of Education

A ten-person elected Board of Education provides governance for Prairie South School Division. *The Education Act, 1995* gives the Board of Education the authority to “administer and manage the educational affairs of the school division” and to “exercise general supervision and control over the schools in the school division”. Prairie South School Division is organized into six subdivisions for purpose of elections and representation, but every member of the Board represents all students in Prairie South and is committed to providing the best education possible for every student.

In 2018-2019, the Board of Education engaged other local government organizations, School Community Councils, parents and students as they worked to gather data in support of the Saskatchewan School Boards Association *Connections* project. Additionally, the Board of Education received guidance from the Prairie South Voices to Encourage Change group, a diverse group of high school students from schools throughout Prairie South School Division.

The 2018-2019 Board of Education Trustees were elected on October 26, 2016 and are serving a four-year term. Board of Education members as of August 31, 2019 are:

Subdivision 1: Darcy Pryor

Subdivision 2: Robert Bachmann (Vice-Chair)

Subdivision 3: Al Kessler

Subdivision 4: Giselle Wilson

Subdivision 5: Shawn Davidson

Subdivision 6: Mary Jukes, Tim McLeod (Chair), Jan Radwanski, Brian Swanson and Lew Young

Back Row (left to right): Al Kessler, Jan Radwanski, Giselle Wilson, Brian Swanson, Lew Young, Mary Jukes, Darcy Pryor. Front Row (left to right): Shawn Davidson, Tim McLeod, Robert Bachmann

School Community Councils

The Board of Education has established a School Community Council (SCC) for 31 of the 39 schools in Prairie South School Division (five Hutterite Colony Schools, two Associate Schools and the Virtual School do not have SCCs). In Prairie South, SCCs are comprised of elected parent and community representatives, together with the school principal and a teacher assigned by the principal. No additional appointed members exist on SCCs in Prairie South School Division.

The Education Regulations, 2015 require school divisions to undertake orientation, training, development and networking opportunities for their SCC members, and Prairie South School Division has established board policy and administrative procedures that support these opportunities. SCC members work with school staffs on many occasions, including during Learning Improvement Plan development meetings at the beginning of the school year. In 2018-2019, Prairie South hosted a network and inservice session for SCC members and the Board of Education, with more than 100 SCC members taking part in this event. Additionally, a committee of the Board of Education met with SCCs at Riverview Collegiate (Moose Jaw), Mossbank School, Lafleche Central School, and Westmount Elementary School (Moose Jaw) to discuss successes and challenges of volunteers connected to those SCCs.

The Board of Education financially supports SCC operations and funds SCC development opportunities to build SCC understanding and capacity to support student learning and well-being. Targeted funding for SCC development is assured in Prairie South School Division through a centralized fund that allowed every development request received in 2018-2019 to be met. Additional development opportunities are provided by a variety of Prairie South School Division staff at individual SCC or school community meetings. Operational funding for each SCC is provided by the Board of Education on an annual basis; this funding of \$1000 per SCC is intended to provide the SCC with the means to meet and conduct the business of the SCC, and allowance for a grant carry-over allows SCCs to support ongoing work from year to year. Exclusive of staffing costs associated with SCC development support, the total financial commitment related to SCCs from Prairie South was \$37,087 in 2018-2019.

The Education Regulations, 2015 also require School Community Councils to work with school staff to develop an annual school Learning Improvement Plan and to recommend that plan to the Board of Education. Prairie South School Division requires SCCs to engage in an ongoing process of self-monitoring and planning for improvement in developing and supporting school Learning Improvement Plans. A division-level summary of self-monitoring outcomes is provided to the Board of Education and the public on an annual basis. Learning Improvement Plans are reviewed and revised with SCCs on a bi-monthly basis.

All schools in Prairie South School Division acknowledge the importance of SCCs as a mechanism for connecting community and school. Many SCCs in Prairie South are challenged by volunteer fatigue, however all schools continue to strive to engage parents and community members in this important work.

School Division Profile

About Us

Prairie South School Division has 39 schools located within 24 rural, urban, and Hutterian communities and on the World Wide Web. Prairie South encompasses 32,747 square kilometres of southern Saskatchewan. It spans a geographic area from Coronach and Mankota in the South; Kincaid, Chaplin, and Central Butte in the West; Bengough and Rouleau in the East; and Craik in the North. In 2018-2019, Prairie South School Division’s largest school was École Palliser Heights School in the City of Moose Jaw, a Pre-Kindergarten to Grade 8 dual track French Immersion and English school with 650 students; our smallest school was Vanguard Colony School, a Kindergarten to Grade 9 school with two students, one in Grade 4 and one in Grade 6.

Prairie South School Division is divided into six subdivisions for purposes of board representation. The map below shows the geographic location of the division.

Prairie South School Division is a very diverse school division, and encompasses rural and urban communities surrounding the City of Moose Jaw, where the school division office, learning department, John Chisholm Partnership Centre, facilities and transportation offices are located. Five Hutterite colony schools and two associate schools are supported in partnership with Prairie South School Division.

Division Philosophical Foundation

Mission and Vision

Learning together for our future.

Our motto or positioning statement, “Learning together”, is taken directly from our mission-vision statement. At Prairie South, we learn from one another, from our learning environments, and from our communities. We embrace the opportunity to be life-long learners, and understand the significance of learning how to learn.

Core Values

1. Development of the Whole Child

At school students:

- learn how to learn;
- achieve at their highest levels;
- contribute to their school community; and
- participate in the communities at large.

2. Community Involvement & Engagement

Community involvement is important because:

- our schools connect people with learning and community;
- public participation helps us make better decisions; and
- diverse perspectives create a better understanding of need.

3. Division Transparency

We build trust and credibility with our community members by:

- sharing information that improves the public’s understanding of our decisions and policies;
- showing how we spend our monies to deliver services; and
- maintaining the code of ethics established by the Board.

4. A Collective Common Sense Approach

Our decisions and policies reflect the needs of our communities and are based on:

- careful research;
- accurate data; and
- informed judgment.

Commitments

Prairie South is committed to quality learning through:

1. **Students and Families: building blocks for learning.**

We work together with caring people in student homes to prepare students for the future. Our decisions and policies reflect the best interest of our students.

2. **Learning Environments: places of learning.**

Our learning environments encourage 21st Century competencies through responsive instruction and assessment, innovative delivery models, and a student first culture. Our learning environments contribute to physical, mental, and spiritual well-being.

3. **Inclusive Communities: partners in learning.**

Our communities, their individuals, businesses, public and private agencies are our partners in learning. Our communities are involved in the process of determining needs, identifying resources, and creating solutions for our learning environments.

4. **Our People: champions of learning.**

Our people have the power to inspire greatness through their attitudes and actions. Prairie South staff are leaders in learning, and share their talents and abilities with one another for the betterment of students, families, learning environments, and communities.

Community Partnerships

Prairie South School Division and individual schools within the Division have established a range of formal and informal community partnerships in order to promote student learning and ensure that students' school experience is positive and successful. School division partnerships enhance student learning by providing a link between division, schools and the community.

Prairie South and its partner agencies have an active HUB that assists families, students and individuals with elevated risk in the City of Moose Jaw and surrounding rural areas. The Coordinator of Student Support Services represents Prairie South at the HUB and meets twice weekly to review and accept referrals and to plan and communicate about ongoing supports needed for clients. The HUB team does not carry a caseload but works quickly to connect referred individuals or families to needed resources resulting in improved overall welfare for Prairie South students and families.

Prairie South School Division and our community partners are committed to making our schools and communities safe through the multidisciplinary Community Threat Assessment Team (Community TAT). Community TAT members strive to share the details of threatening situations appropriately and promptly in order to collaborate effectively and make use of a broad range of expertise. The Community TAT functions under a communications protocol signed by the school division and other community partners.

In an informal partnership with the Wakamow Aboriginal Community Association (WACA), Prairie South hosted our 4th annual round dance at Central Collegiate in February 2019. Additionally, Prairie South partnered with WACA to support programming for National Indigenous People's Day celebrations in June 2019. Together with the Treaty 4 group at Riverview Collegiate in the City of Moose Jaw, WACA supported the Board of Education as Prairie South implemented a land acknowledgement at the beginning of each meeting of the Board of Education in 2018-2019.

2018-2019 was the final year of Prairie South School Division's partnership with WorkSafe Saskatchewan on the pilot of the Community Safety Education Strategy, an initiative to reduce workplace and student injuries in school divisions in Saskatchewan by coordinating strategies and activities aimed at transforming the Prairie South culture and positioning injury prevention as an essential part of our daily work. Outcomes and learnings from this pilot will assist WorkSafe Saskatchewan and provincial school divisions to be active participants in injury prevention in classrooms and workplaces in future years.

Collaboration with corporations, businesses, organizations and institutions encourage students to apply skills learned in the classroom to a real-world setting and develop confidence and experience in employment and the community. Partnerships offer the opportunity to work together, and students and schools benefit from this. Twenty-six community/business partnerships open the door to career opportunities for Prairie South students, encourage student performance and participation in the community and extend learning beyond the confines of classroom walls. Typically, the partner business celebrates school achievements, engages community in school activities and presentations or provides resources to support school Learning Improvement Plans. Business-education partnerships put to practice the belief that an entire community has a role to play in the education of students. The partnerships provide a link between schools and communities, creating the opportunity for collaboration where the partners and schools share values, resources and responsibilities in order to improve student learning outcomes.

Program Overview

Like our schools and communities, the students and families in Prairie South School Division are diverse. They vary in age, personal circumstances, learning styles, interests, and individual strengths and needs. In order to provide the best education possible for all students, Prairie South offers a wide range of programs and supports in all 39 schools across the division.

Central to the program in every school is the provincially mandated core curricula, broad areas of learning and cross-curricular competencies. Classroom instruction is designed to incorporate differentiated instruction and First Nations and Métis (FNM) content, perspectives and ways of knowing.

In addition, each school in Prairie South School Division offers specialized programming that responds to the needs of its students. The following list identifies programs in operation at one or more schools:

- Graduation coach programming for vulnerable students
- Asynchronous online programming
- English as an Additional Language programming
- French Immersion programming
- Music/band programming
- Nutrition programming
- Prekindergarten (PreK) programming
- Technology-enhanced programming
- Synchronous online programming

Additional services and supports are offered to students and teachers by specialized school division staff (Learning Support Teams) who fulfill roles including:

- Learning Consultant
- Psychologist
- Speech and Language Pathologist
- Advocacy and Behaviour Consultant
- Student Support Consultant

Prairie South School Division is proud to offer effective instruction and assessment practices to all of its students. In addition to offering Saskatchewan curriculum in all schools, Prairie South also offers:

- Ministry designated and Prairie South School Division funded Prekindergarten programs to nearly 250 students
- Unique and valuable partnerships with a wide variety of organizations representing other ministries, business, communities, and other stakeholders
- French Immersion PreK-12
- Inclusive Lifeskills programming at Riverview Collegiate

Strategic Direction and Reporting

The Education Sector Strategic Plan

Members of the education sector have worked together to develop an Education Sector Strategic Plan (ESSP) for 2014-2020. The ESSP describes the strategic direction of the education sector. The ESSP priorities and outcomes align the work of school divisions and the Ministry of Education. The plan continues to shape the direction in education for the benefit of all Saskatchewan students.

2018-19 was the fifth year of deployment of the 2014-2020 ESSP.

Enduring Strategies

The Enduring Strategies in the ESSP are:

- Culturally relevant and engaging curriculum;
- Differentiated, high quality instruction;
- Culturally appropriate and authentic assessment;
- Targeted and relevant professional learning;
- Strong family, school and community partnerships; and,
- Alignment of human, physical and fiscal resources.

Inspiring Success: First Nations and Métis PreK-12 Education Policy Framework

The Ministry of Education is pleased to have collaborated with First Nations and Métis organizations, Elders and Traditional Knowledge Keepers, post-secondary and provincial Prekindergarten to Grade 12 education stakeholders to update and renew [*Inspiring Success: First Nations and Métis PreK-12 Education Policy Framework*](#). This umbrella policy provides a framework for the development of First Nations and Métis education plans provincially and at the school division level in alignment with the goals of the Education Sector Strategic Plan. *Inspiring Success* is intended to guide and inform planning and implementation of initiatives aimed at improving outcomes for First Nations, Métis and Inuit students.

The goals of *Inspiring Success* are:

1. First Nations and Métis languages and cultures are valued and supported.
2. Equitable opportunities and outcomes for First Nations and Métis learners.
3. Shared management of the provincial education system by ensuring respectful relationships and equitable partnerships with First Nations and Métis peoples at the provincial and local level.
4. Culturally appropriate and authentic assessment measures that foster improved educational opportunities and outcomes.
5. All learners demonstrate knowledge and understanding of the worldviews and historical impact of First Nations and the Métis Nation.

Reading, Writing, Math at Grade Level

ESSP Outcome:

By June 30, 2020, 80% of students will be at grade level or above in reading, writing and math.

ESSP Improvement Targets:

- **By June 2018, at least 75% of students will be at or above grade level in reading and writing.**
- **By June 2019, at least 75% of students will be at or above grade level in math.**

School division goals aligned with Reading, Writing and Math at Grade Level outcome

In December 2017, the Board of Education approved a renewed strategic plan that provides guidance related to school division initiatives until June 2021. The timings associated with this strategic plan will allow the school division to continue to work in alignment with the 2014-2020 Education Sector Strategic Plan, and will provide a one-year transition period for the Board of Education to consider subsequent provincial initiatives and their alignment with Prairie South School Division student needs. Indicators of success included in the strategic plan related to Reading, Writing, Math at Grade Level include:

- 90% of students reading at grade level (Fountas and Pinnell, Basic Reading Inventory)
- 80% of students writing at a proficient level (Provincial Writing Rubric)
- 80% of students proficient in numeracy (Provincial Math Rubric)

School division actions taken during the 2018-19 school year to achieve the outcomes and targets of the Reading, Writing and Math at Grade Level outcome

In 2018-2019, Prairie South School Division continued the work of merging ongoing strategic improvement planning in reading into a more global focus using the 2017 - 2021 Prairie South strategic planning document. This important work paved the way for a broader focus on literacy, and allowed schools to shift focus from reading to writing or math if student data indicated this need.

Reading and writing inservice work continued in 2018-2019 with a focus on Grades 4, 7 and 9 teachers. Fountas and Pinnell assessments were used to inform teaching practice and report reading results to the province for Grades 1-4 students. The provincial rubric for writing was integrated into school level assessment activities for the second year in Grades 4, 7, and 9.

Math inservice was provided for teachers in Grades 2, 5 and 8 in 2018-2019, and the provincial math assessment was completed for the first time with students in these grades.

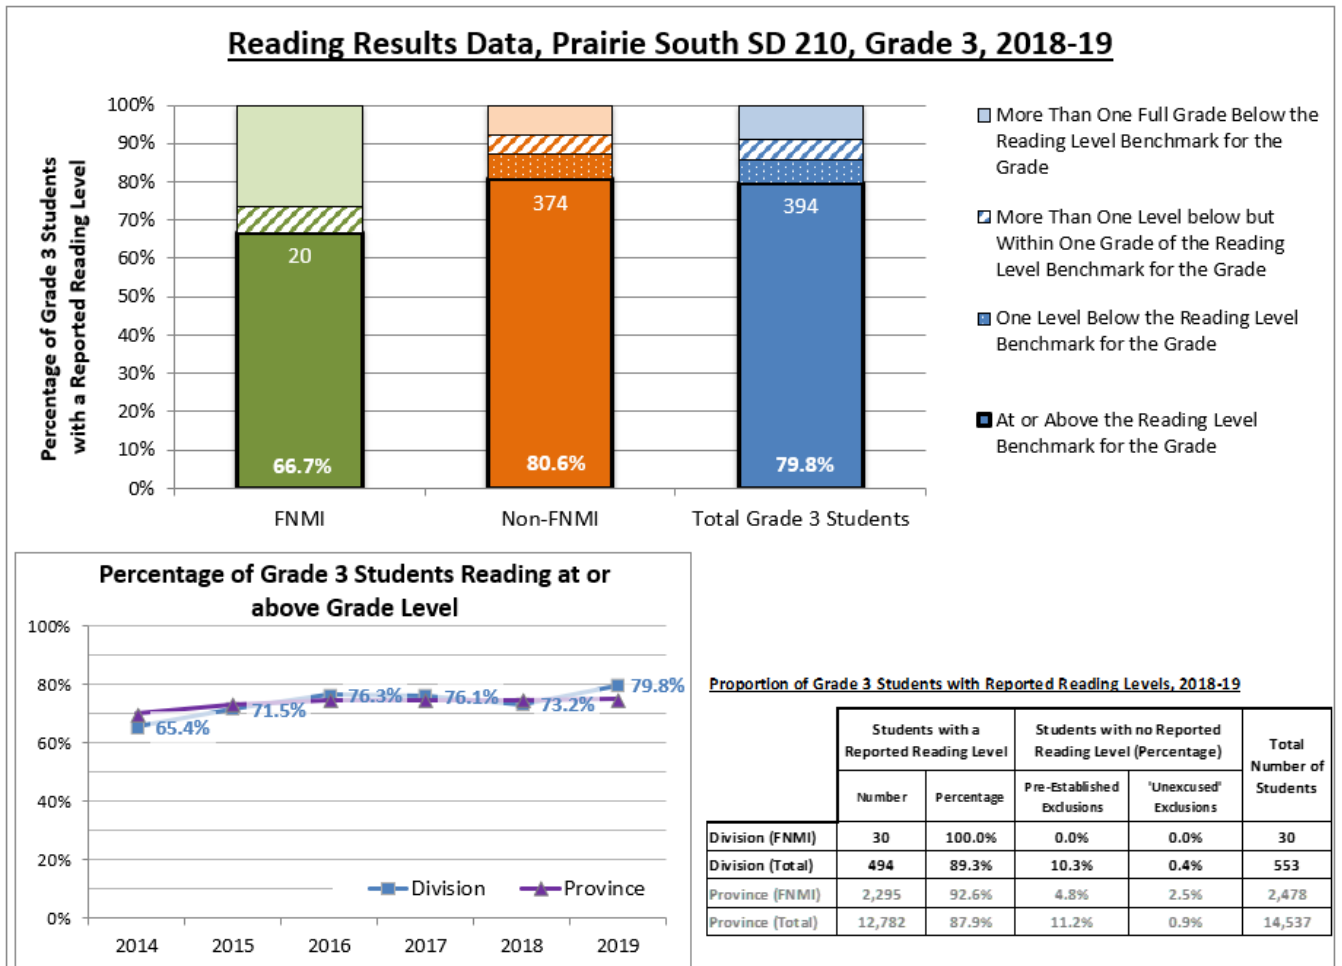

Although the learning focus for staff in all schools broadened to reading, writing and math in 2018-2019, work continued to focus improvement efforts in specific areas of student need. This work was supported in 2018-2019 by the establishment of a school-based administrator learning leadership project designed to support changes in teacher pedagogy geared to higher literacy outcomes for individual students. Prairie South School Division school-based administrators continued to utilize *SaskReads for Administrators* to further the work of reading improvement with school staffs.

Measures for Reading, Writing and Math at Grade Level

Proportion of Grade 3 Students Reading At or Above Grade Level

Grade 3 reading levels are considered a leading indicator of future student performance. In response to the Plan for Growth improvement target, Grade 3 reading levels have been tracked using provincially developed benchmarks since 2014. Ensuring that each year a greater proportion of Grade 3s in the province (currently about three-quarters) is reading at grade level will mean more students each year are ready to learn in Grade 4 and beyond.

The following bar graph displays the percentage of Grade 3 students (FNMI, non-FNMI, all) by reading level. The chart below the graph shows the percentage of Grade 3 students reading at or above grade level relative to the province over a period of time. The table shows the proportion of Grade 3 students with reported reading levels.

Notes: Reading levels are reported based on provincially developed benchmarks. The percentage of students at each reading level was determined as a proportion of those students with a 'valid' reading score (excluded or non-participant students were not included in these calculations). Results for populations of fewer than 10 students have not been

reported to avoid identifying individuals or very small groups of students. FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify.

Source: Ministry of Education, 2019

Analysis of Results – Proportion of Grade 3 Students Reading At or Above Grade Level

Grade 3 reading results have improved steadily over the past five years, and the number of proficient readers in Prairie South Grade 3 classrooms was nearly 15% higher in 2019 than in 2014, a change from 65.4% to 79.8%. In a typical year, this equates to approximately 75 additional Grade 3 students reading with proficiency. Self-identified First Nations and Métis children make up approximately 5 percent of the Grade 3 demographic in Prairie South School Division, and read with less proficiency than their non-FNMI peers. Although the small sample size is challenging to analyze, it appears as though the gap between FNMI students and their non-FNMI peers may be closing. Prairie South excluded fewer students in every category (FNMI, total, pre-established, unexcused) than the provincial average, which suggests a high degree of reliability of Prairie South outcomes data.

Proportion of Students Writing At or Above Grade Level

Writing is a key measure identified in the ESSP Reading, Writing and Math at Grade Level Outcome. The provincial writing goal is that by June 2020 at least 80% of Grades 4, 7 and 9 students will be at or above grade level as determined by the provincial rubric. ESSP writing results are being reported for a second time in 2019. Students need strong written communication skills to meet the challenges of their future. Writing helps students to: learn; shape critical thought; express and record ideas; convince others; and demonstrate knowledge and veracity. Developing writing skills also reinforces reading skills.

The following bar graph displays the percentage of students (FNMI, non-FNMI, all) in Grades 4, 7 and 9 by levels according to the provincial writing rubric. The chart below the graph shows school division results relative to the province over a period of time. The table shows the proportion of students with reported results.

Notes: Writing levels are reported based on a provincially developed rubric. The percentage of students at each level was determined as a proportion of those students with a 'valid' writing score (excluded or non-participant students were not included in these calculations). Results for populations of fewer than 10 students have not been reported to avoid identifying individuals or very small groups of students. FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify.

Source: Ministry of Education, 2019

Analysis of Results – Proportion of Students Writing At or Above Grade Level

2018-2019 was the second year of data collection using the provincial rubric for writing in Prairie South School Division. Writing levels in Grades 4, 7 and 9 were generally consistent with those of the province, however FNMI students in Prairie South outperformed both non-FNMI students in Prairie South and total provincial students in Grades 7 and 9. Considering all three grades together, in 2018-2019 FNMI students achieved at the same level as their non FNMI counterparts in Prairie South School Division. While this parity is a success for Prairie South, care must be taken interpreting these results because of the small sample size of FNMI students in the school division. Prairie South excluded fewer students in every category (FNMI, total, pre-established, unexcused) than the provincial average, which suggests a high degree of reliability of Prairie South outcomes data.

Proportion of Students At or Above Grade Level in Mathematics

Mathematics number strand is a key measure identified in the ESSP Reading, Writing and Math at Grade Level Outcome. The provincial goal is that by June 2020 at least 80% of Grades 2, 5 and 8 students will be at or above grade level as determined by the provincial rubric. ESSP math number strand results are being reported for the first time in 2019. Students who develop an understanding of the number strand outcome become flexible and confident with numbers, and can transfer those abilities to more abstract problems.

The following bar graph displays the percentage of students (FNMI, non-FNMI, all) in Grades 2, 5 and 8 mathematics by levels according to the provincial number strand rubric. The chart below the graph shows school division results relative to the province over a period of time. The table shows the proportion of students with reported results.

Percentage Math At or Above Grade Level, Prairie South SD 210, Grades 2, 5, and 8, 2018-19

Percentage of Students with Math Proficiency at or above Grade Level

Proportion of Students with Reported Math Levels, 2018-19

	Students with a Reported Math Level		Students with no Reported Math Level (Percentage)		Total Number of Students
	Number	Percentage	Pre-Established Exclusions	'Unexcused' Exclusions	
Division (Grade 2)	458	87.2%	12.2%	0.6%	525
Division (Grade 5)	480	90.9%	8.9%	0.2%	528
Division (Grade 8)	442	92.7%	6.5%	0.8%	477
Province (Grade 2)	12,331	86.6%	12.3%	1.2%	14,242
Province (Grade 5)	12,918	88.9%	9.2%	1.9%	14,528
Province (Grade 8)	11,702	89.5%	8.4%	2.1%	13,071

Notes: Math number strand levels are reported based on a provincially developed rubric. The percentage of students at each number strand outcome level was determined as a proportion of those students with a 'valid' math score (excluded or non-participant students were not included in these calculations). Results for populations of fewer than 10 students have not been reported to avoid identifying individuals or very small groups of students. FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students

are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify. Source: Ministry of Education, 2019

Analysis of Results – Proportion of Students At or Above Grade Level in Mathematics

2018-2019 was the first year of data collection using the provincial rubric for math in Prairie South School Division. Math proficiency levels for students in Grades 2, 5 and 8 are similar between Prairie South and the province as a whole. In Prairie South, FNMI students significantly underperform non-FNMI students at all grade levels in mathematics, and the gap between the two groups widens as students get older. While this gap is a concern for Prairie South, care must be taken interpreting these results because of the small sample size of FNMI students in the school division. Prairie South excludes fewer students in every category (FNMI, total, pre-established, unexcused) than the provincial average, which suggests a high degree of reliability of Prairie South outcomes data.

Improving First Nations, Métis and Inuit Student Engagement and Graduation Rates

ESSP Outcome:

By June 30, 2020, collaboration between First Nations, Métis and Inuit and non-First Nations, Métis and Inuit partners will result in significant improvement in First Nations, Métis and Inuit student engagement and will increase three-year graduation rates from 35% in June 2012 to at least 65% and the five-year graduation rate to at least 75%.

ESSP Improvement Targets:

- Achieve an annual increase of four percentage points in the First Nations, Métis and Inuit three-year and five-year graduation rates.
- By June 2019, schools involved in FTV for at least 2 years will collectively realize an 8% annual increase in First Nations, Métis and Inuit student graduation rates.
- By 2018, school divisions will achieve parity between First Nations, Métis and Inuit and non-First Nations, Métis and Inuit students on the OurSCHOOL engagement measures.

ESSP Priority:

In partnership with First Nations, Métis and Inuit stakeholders, continue to implement the Following Their Voices (FTV) Initiative.

School division goals aligned with the Improving First Nations, Métis and Inuit Student Engagement and Graduation Rates outcome

In December 2017, the Board of Education approved a renewed strategic plan that provides guidance related to school division initiatives until June 2021. The timings associated with this strategic plan will allow the school division to continue to work in alignment with the 2014-2020 Education Sector Strategic Plan, and will provide a one-year transition period for the Board of Education to consider subsequent provincial initiatives and their alignment with Prairie South School Division student needs. While indicators of success included in the strategic plan are not specifically related to Improving First Nations, Métis and Inuit Student Engagement and Graduation Rates, increased outcomes for those students are necessary in order to achieve the following strategic plan indicators:

- 90% on time graduation (provincial Student Data System)
- 82% extended time graduation (provincial Student Data System)
- 90% of students at 90% attendance (Prairie South School Division Student Information System)
- 80% of students socially engaged (OurSCHOOL Social Engagement Composite)

<p>School division actions taken during the 2018-19 school year to achieve the outcomes and targets of the Improving First Nations, Métis and Inuit Student Engagement and Graduation Rates outcome</p>	<p>Graduation and engagement outcomes for all students were addressed as a team of school-based administrators supported by division level staff began to implement the 2017-2021 Prairie South School Division strategic planning document to integrate provincial work on the ESSP with school division work already underway. Improvement work related to graduation and engagement was targeted in locations where this work would be most meaningful with enhanced programming intended to more fully engage First Nations and Métis (FNM) students. Prairie South maintained graduation coaching programming at each of the City of Moose Jaw collegiate in 2018-2019, and significant support was provided to FNM students through these programs. Continued areas of focus for school and division administrators included analysis of trends in the data related to non-graduates, and then use of these trends to identify students at risk from cohorts that have not yet completed their Grade 12 year.</p> <p>2018-2019 initiatives to promote student engagement included an ongoing partnership with the Wakamow Aboriginal Community Association (WACA), which saw Prairie South students participating in WACA cultural events hosted both in the community and in Prairie South schools. The Board of Education collaborated with a student-led Treaty 4 club to establish a practice of land acknowledgement at every Board meeting, and the same Treaty 4 club used an award from the PrairieAction Foundation to establish a First Nations drumming group at Riverview Collegiate in the City of Moose Jaw. The Prairie South Indigenous Advisory Committee, made up of Prairie South staff and community members developed school division protocols for cultural events and provided ongoing support for schools through a FNMI lead teacher in each school.</p> <p>Prairie South does not have a Following Their Voices school.</p>
--	---

Measures for Improving First Nations, Métis and Inuit Student Engagement and Graduation

Average Final Marks

Teacher-assigned marks are important indicators of student performance in school. Classroom marks are used for grade promotion and graduation decisions, to meet entrance requirements for postsecondary education, to determine eligibility for scholarships and awards and by some employers when hiring.

The following table displays average final marks in selected secondary-level courses for all students, and by non-FNMI and FNMI student subpopulations in the division, along with provincial results for each category.

Average Final Marks in Selected Secondary-Level Courses, 2018-19

Subject	All Students		Non-FNMI		FNMI	
	Province	PrSth	Province	PrSth	Province	PrSth
English Language Arts A 10 (Eng & Fr equiv)	73.9	79.7	77.0	80.6	62.0	67.0
English Language Arts B 10 (Eng & Fr equiv)	73.2	75.5	76.5	76.3	60.8	64.2
Science 10 (Eng & Fr equiv)	72.6	75.7	76.0	76.5	59.8	62.6
Math: Workplace and Apprenticeship 10 (Eng & Fr equiv)	73.3	79.0	77.2	79.4	60.7	73.3

Notes: Results for populations of fewer than 10 students have not been reported to avoid identifying individuals or very small groups of students (nr). FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify.

Source: Ministry of Education, 2019

Analysis of Results – Average Final Marks

Average final marks for non-FNMI students in Prairie South School Division are generally consistent with average final marks throughout Saskatchewan for this subpopulation. Prairie South School Division FNMI students tend to outperform other FNMI students in Saskatchewan, however caution should be exercised when reviewing this data due to small numbers of students in this demographic which can result in fluctuations from year to year.

Credit Attainment

Credit attainment provides a strong predictive indicator of a school system’s on-time graduation rate. Students receiving eight or more credits per year are more likely to graduate within three years of beginning Grade 10 than those who do not achieve eight or more credits per year.

The following graph displays the credit attainment of secondary students attaining eight or more credits per year for all students, and by non-FNMI and FNMI student subpopulations in the division, along with provincial results for each category.

Notes: Credit attainment measures are calculated as the percentage of students enrolled at the secondary level on September 30 attaining eight or more credits yearly. Results for populations of fewer than 10 students have not been reported to avoid identifying individuals or very small groups of students (nr). FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify.

Source: Ministry of Education, 2019

Analysis of Results – Credit Attainment

Relatively strong performance by Prairie South School Division FNMI students when compared to provincial averages of the same demographic helped overall Prairie South results to be ahead of provincial results by a small margin (68% compared to 61%). Although credit attainment has improved over the long term, FNMI students continued to earn significantly fewer credits than their non-FNMI counterparts.

Graduation Rates

ESSP Outcome:

By June 30, 2020, Saskatchewan will achieve an 85% three-year graduation rate and a 90% five-year graduation rate.

ESSP Improvement Targets:

- Achieve an annual increase of three percentage points in the provincial three-year graduation rate.
- By June 2018, students will report a 5% increase in intellectual engagement as measured by OurSCHOOL.

School Division goals aligned with the Graduation Rates outcome

In December 2017, the Board of Education approved a renewed strategic plan that provides guidance related to school division initiatives until June 2021. The timings associated with this strategic plan will allow the school division to continue to work in alignment with the 2014-2020 Education Sector Strategic Plan, and will provide a one-year transition period for the Board of Education to consider subsequent provincial initiatives and their alignment with Prairie South School Division student needs. Indicators of success included in the strategic plan related to Graduation Rates include:

- 90% on time graduation (provincial Student Data System)
- 92% extended time graduation (provincial Student Data System)
- 90% of students at 90% attendance (Prairie South School Division Student Information System)
- 80% of students socially engaged (OurSCHOOL Social Engagement Composite)

School division actions taken during the 2018-19 school year to achieve the outcomes and targets of the Graduation Rates outcome

Graduation and engagement outcomes for all students were addressed in 2018-2019 as a team of school-based administrators supported by division-level staff continued the implementation of the December 2017 Prairie South School Division strategic planning document to further integrate provincial work on the ESSP with school division work already underway. Improvement work related to graduation and engagement was targeted in locations where this work would be most meaningful. Continued areas of focus for school and division administrators included analysis of trends in the data related to non-graduates, and then use of these trends to identify students at risk from cohorts that have not yet completed their Grade 12 year.

In 2018-2019, Prairie South School Division maintained resources related to graduation coach programs in each of the three collegiate high schools in the City of Moose Jaw. Graduation coach staff work directly with students who are at risk of not graduating and provide academic, social and personal support. In 2018-2019, 68 students were supported using the graduation coach model including 16 Grade 12 students, 13 of whom graduated on time in June 2019.

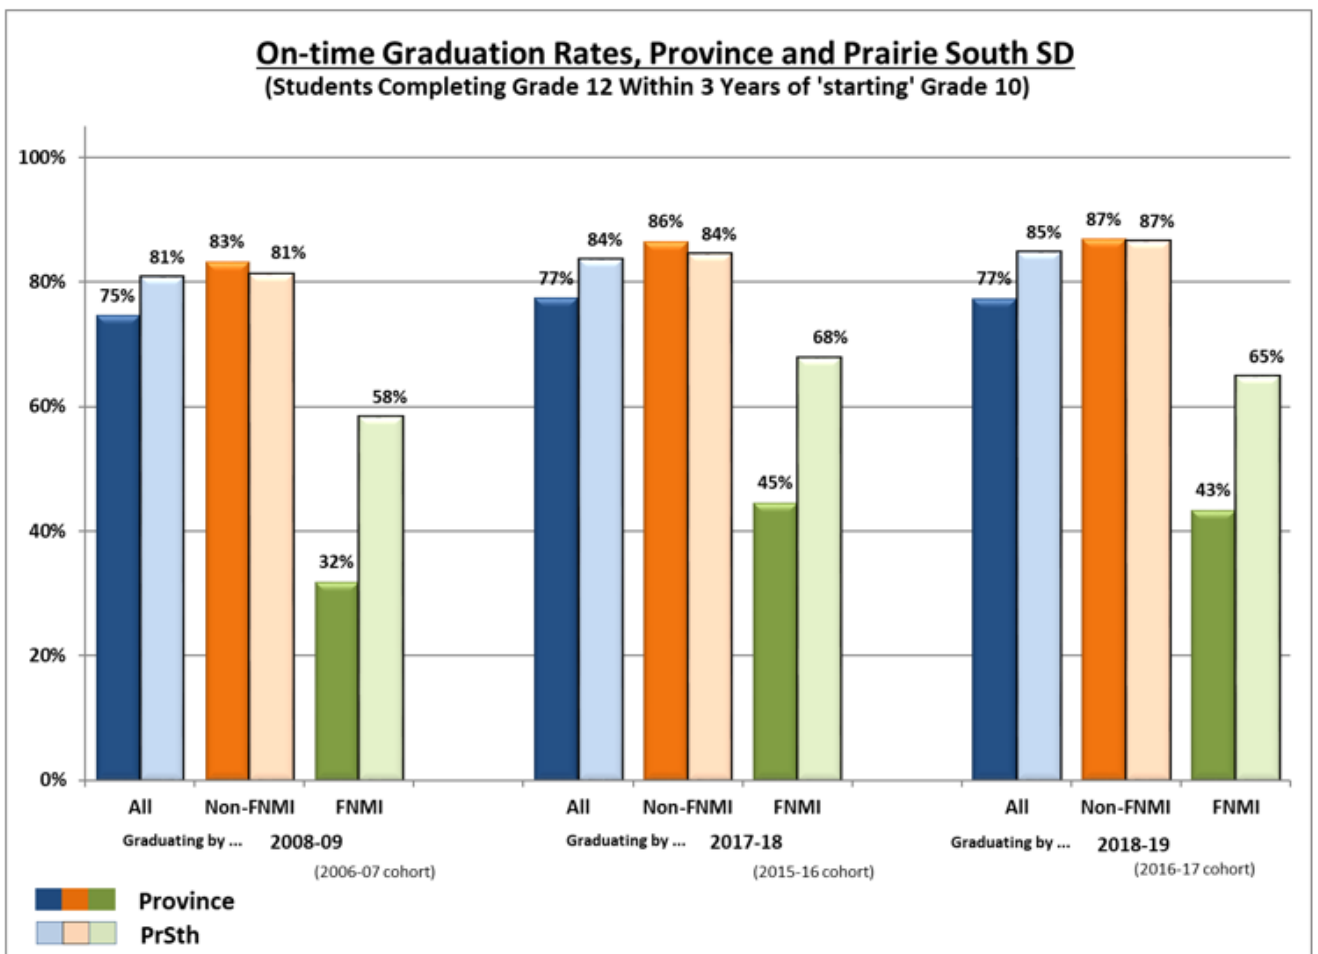

In recognition of the need to focus more clearly on the challenges associated with on-time graduation in Prairie South School Division, in 2018-2019 our staff provided continued leadership at the provincial level related to improved on-time graduation rates, including hosting the third provincial graduation rates symposium in Moose Jaw in September, 2018.

Measures for Graduation Rates

Grade 12 Graduation Rate: On-time (within 3 years)

To graduate within the typical three-year period after beginning Grade 10, students must accumulate an average of eight credits per year to achieve the minimum requirement of 24 required secondary level credits at the end of Grade 12. On-time graduation rates are one measure of the efficiency of a school system.

The following graph displays the percentage of students (all students, non-FNMI and FNMI) in the school division who graduated within **three years** of entering Grade 10, along with provincial results in each of these categories.

Notes: On-time graduation rates are calculated as the percentage of students who complete Grade 12 within 3 years of 'starting' Grade 10. Results for populations of fewer than 10 students have not been reported to avoid identifying individuals or very small groups of students (nr). FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify.

Source: Ministry of Education, 2019

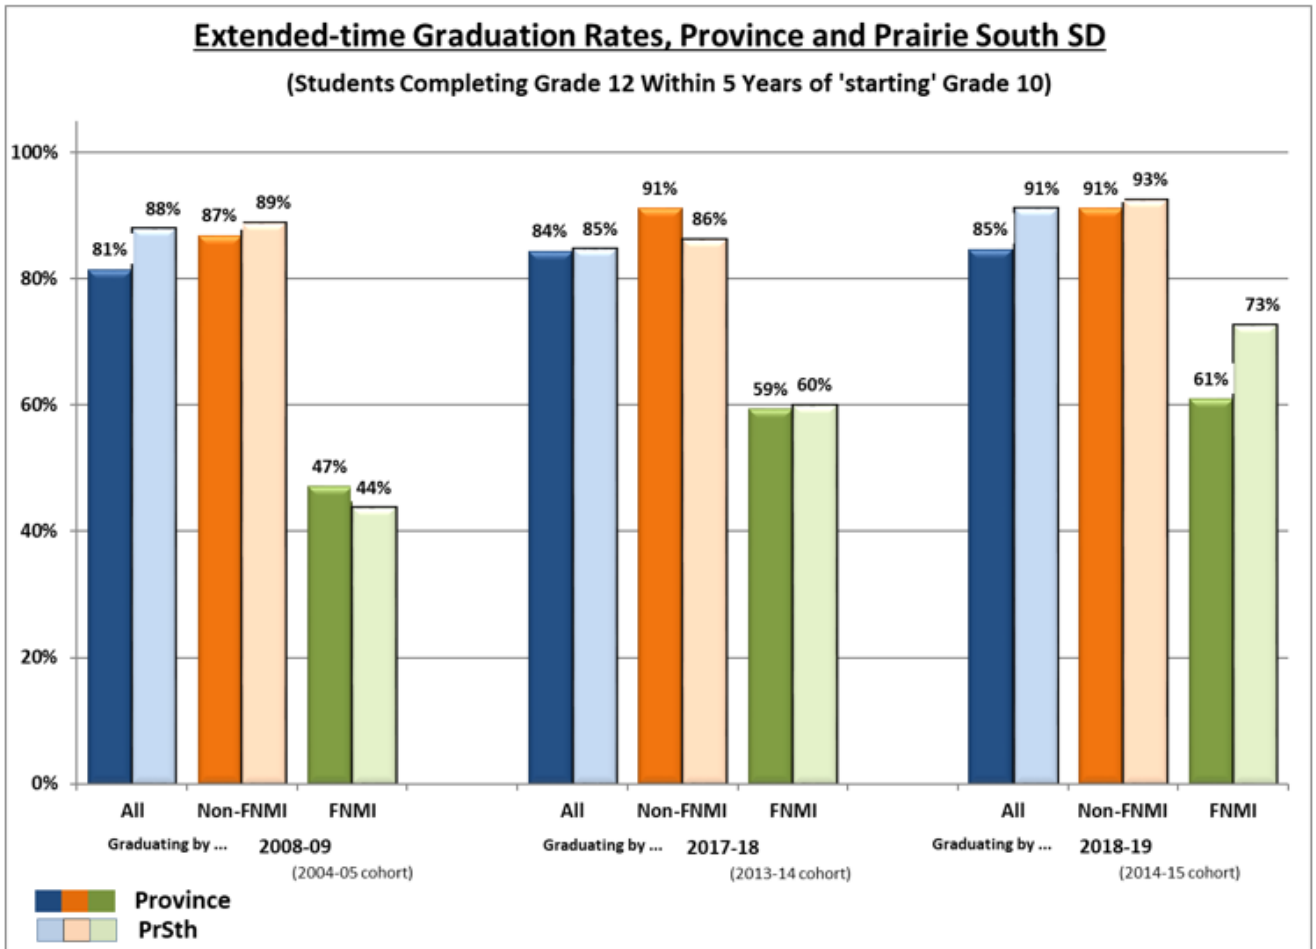

Analysis of Results – On-time Graduation Rates (within 3 years)

In 2018-2019, Prairie South students met the provincial goals related to on-time graduation, with a total on-time graduation rate of 85% and a FNMI on-time graduation rate of 65%. This is the first time since 2006 when the school division came into existence that Prairie South students have achieved at or above the provincial standard in both categories. Non-FNMI students in Prairie South graduated at the same rate as their provincial counterparts, however Prairie South FNMI students outperformed their counterparts in the remainder of the province by a significant margin. The influence of FNMI success in this area causes Prairie South's overall graduation rate to exceed the provincial rate by 8% in 2018-2019. Additional gains will be necessary in order to meet Prairie South's local on-time graduation target of 90%.

Grade 12 Graduation Rate: Extended-time (within 5 years)

Some students need more time to complete all the courses necessary to graduate so they continue in school longer than the typical three years after beginning Grade 10. Extended-time graduation rates are one measure of the responsiveness of the school system.

The following graph displays the percentage of students (all students, non-FNMI and FNMI) in the school division who graduated within **five years** of entering Grade 10, which includes those who graduated on-time, along with provincial results in each of these categories.

Notes: Extended-time graduation rates are calculated as the percentage of students who complete Grade 12 within 5 years of 'starting' Grade 10 (and include those who graduate on-time). Results for populations of fewer than 10 students have not been reported to avoid identifying individuals or very small groups of students (nr). FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify.

Source: Ministry of Education, 2019

Analysis of Results – Extended-time Graduation Rates (within 5 years)

In 2018-2019, Prairie South students exceeded the provincial goal of 90% related to extended-time graduation and was one graduate short of meeting the FNMI extended-time graduation goal of 75%. FNMI and non-FNMI subgroups in Prairie South outperformed the corresponding subgroups provincially by 12% and 2% respectively. Additional gains will be necessary in order to meet Prairie South's local extended-time graduation target of 92%.

Grade 9 to 10 Transition

The transition from Grade 9 to 10 can be difficult for some students for many different reasons, including not having reached all outcomes from each subject area in the elementary and middle grades. This measure is intended to show how well Grade 9 students adjust in the transition to Grade 10. Achieving eight or more credits per year is important for steady progress towards graduating on-time.

The following chart displays the percentage of Grade 9 students (all students and the FNMI subpopulation) in the school division who achieved eight or more credits the following school year, along with provincial results for the past eight years and the eight-year average.

Notes: Grade 9 to 10 transition rates are calculated as the number of students attaining eight or more credits in the year immediately following their Grade 9 year divided by the number of students in the Grade 9 cohort. Results for populations of fewer than five have not been reported to avoid identifying individuals or very small groups of students. FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify.

Source: Ministry of Education, 2019

Analysis of Results – Grade 9 to 10 Transition

Higher percentages of Prairie South School Division students attained 8 or more credits the year after Grade 9 than provincial averages (82% as compared to 75% for the eight-year average). Overall rates of improvement in this area in Prairie South School Division show recent gains and are at an eight-year high. FNMI students in Prairie South School Division have achieved more credits on average than their provincial counterparts, however the proportion of FNMI students achieving 8 or more credits fluctuated more widely due to small numbers in this demographic. The results reported for 2017-2018 are well above the 8-year average for FNMI students in the province (42%).

Attendance

Attendance is an important indicator with a strong correlation to measures of student achievement. Students with at least 80% attendance are much more likely to achieve higher educational outcomes than students with lower than 80% attendance. In general, students with at least 90% attendance have even better educational outcomes.

The following bar graph displays the percentage of students in the school division (all students and the FNMI subpopulation) with at least 80% attendance and with at least 90% attendance, for all Grades PreK-12 and Grades 10-12, along with provincial results for each category. The line graph shows the percentage of students in the school division in the past five years who have at least 80% attendance for the specified year, with a specific look at Grades 10-12.

Notes: Percentages represent all attendance that occurred in the school division in the years reported. This includes all reported attendance for students attending the division during that year, whether or not they are currently enrolled in that division, but only includes attendance data while students were enrolled in the school division. Each percentage is a weighted average of the monthly percentages of students enrolled in the division with at least 80% and at least 90% attendance. Results for populations of fewer than ten have not been reported to avoid identifying individuals or very small groups of students. FNMI students are those who choose to self-identify as First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk. Non-FNMI students are those who do not identify as First Nations, Métis or Inuit/Inuk, however, this category may include FNMI students who choose not to self-identify.

Source: Ministry of Education, 2019

Analysis of Results – Attendance

Attendance outcomes for Prairie South School Division students are higher than the provincial average in all categories reported and have remained stable over time.

It should be noted that the attendance threshold reported here is lower than the attendance threshold included as an indicator in the 2017-2021 Prairie South School Division strategic plan document; the relationship between improved attendance and improved student outcomes in other areas led the Board of Education to maintain focus in this area.

Early Years

ESSP Outcome:

By June 30, 2020, children aged 0-6 years will be supported in their development to ensure that 90% of students exiting Kindergarten are ready for learning in the primary grades.

ESSP Improvement Targets:

- By June 2018, 75% of Prekindergarten educators will have completed Responding to Children's Interests (SPDU) workshop and 75% of Kindergarten educators will have completed Literacy Practices in Kindergarten.

<p>School division goals aligned with the Early Years outcome</p>	<p>In December 2017, the Board of Education approved a renewed strategic plan that provides guidance related to school division initiatives until June 2021. Centre in a Prairie South facility and begin preparations for the National Early Learning Conference to be held in the City of Moose Jaw for the third time in April 2020.

Measures for Early Years

Early Years Evaluation

The Early Years Evaluation-Teacher Assessment (EYE-TA) is a readiness-screening tool that provides information about each child's development and learning with a focus on reading readiness skills. Results from the EYE-TA allow educators and school-based interdisciplinary teams to quickly identify the students most likely to require extra support during the Kindergarten year, based on their levels of skill development in five key domains at school entry. In addition to results for specific domains, children are also assigned a comprehensive score known as a Responsive Tiered Instruction (RTI) level. RTI is a preventive approach that allows educators, school teams and divisions to allocate resources early and continuously, rather than waiting until a student experiences failure before providing a response.

Kindergarten EYE is a statistically significant leading indicator of a student's likelihood of reading at grade-level in Grade 3. Longitudinal analyses in the province show children who begin Kindergarten with good skills (Tier 1) in key areas, or who develop good levels of skill during their Kindergarten year, are far more likely to become grade-level readers by the end of Grade 3 in comparison to students who leave Kindergarten programs with lower levels of assessed skills.

The following graph displays the percentage of children (all children, non-FNMI and FNMI) in the division assessed as Tier I at Kindergarten entry and after the Kindergarten year at exit, for the 2014-15 (baseline) year and the three most recent years, as well as provincial results for the same time period.

Readiness for school: children screened at Tier 1 (%) on Early Years Evaluation – Teacher Assessment (EYE-TA) at Kindergarten entry & exit, baselines (2014-15) & three most recent years

Prairie South SD 210

Saskatchewan (all divisions)

Chart Legend:

Notes: Research shows that early identification followed by a responsive, tiered approach to instruction from Kindergarten to Grade 3 can substantially reduce the prevalence of reading challenges. The primary role of EYE is to help inform educational practice. EYE screening at Kindergarten entry is used by classroom teachers and school divisions to identify

children who experience difficulties with important skills when they arrive in Kindergarten, and who may need closer monitoring or further assessment during the year. Children who have difficulty with important skills at Kindergarten entry are also re-assessed before the end of the Kindergarten year, allowing school divisions to measure the impact of their supports and responses. Children assigned Tier I RTIs are able to complete developmental tasks without difficulty. These children have a high probability of reading at grade level by Grade 3 - an important predictor of school success, including Grade 12 graduation.

School division EYE-TA displays show results for self-declared First Nations (Registered/Treaty/Status Indian, Non-Status Indian), Métis, or Inuit/Inuk children (FNMI) and for those who do not identify as FNMI (non-FNMI), provided both comparison groups consist of a minimum of 10 children. It should be noted that the non-FNMI group may include FNMI students who choose not to self-identify, or who have yet to self-identify.

Source: Ministry of Education, Early Years Branch, 2019

Analysis of Results – Early Years Evaluation

Prairie South School Division data continued to show consistent levels of developmental readiness of Kindergarten students on a year over year basis at Kindergarten exit, however FNMI outcomes showed ongoing decline and lagged behind non-FNMI outcomes by 30%. Small numbers of FNMI children may result in greater fluctuation in their results, however the year over year decline presents a challenge for Prairie South. By a small margin (87% compared to 79%), a greater proportion of Prairie South School Division students achieved developmental readiness when compared to provincial results.

Staff

Job Category	FTE
Classroom teachers	429.1
Principals, vice-principals	38.9
Other educational staff (positions that support educational programming) - – e.g., educational psychologists, educational assistants, school community coordinators, speech language pathologists	235.9
Administrative and financial staff – e.g., Chief Financial Officers, accountants, Information Technology people, supervisors, managers, administrative assistants, clerks	18.9
Plant operations and maintenance – e.g., caretakers, handypersons, carpenters, plumbers, electricians, gardeners, supervisors, managers	62.7
Transportation – e.g., bus drivers, mechanics, parts persons, bus cleaners, supervisors, managers	114.9
LEADS – eg. director of education, superintendents	5
Total Full-Time Equivalent (FTE) Staff	905.5

Notes:

The number of employees listed above represents full-time equivalents (FTEs). The actual number of employees is greater because some people work part-time or seasonally.

Some individuals are counted in more than one category. For example, a teaching principal might be counted 0.4 as a classroom teacher and 0.6 as a principal.

Information for all staff is at September 30, 2018.

Source: Prairie South School Division Human Resources Department

Senior Management Team

The Director of Education, Anthony D. (Tony) Baldwin, is the Chief Executive Officer of Prairie South School Division, and reports directly to the Board of Education. The Central Administrative Council (CAC), comprised of four LEADS superintendents, one SASBO superintendent, and one SASBO manager are responsible for school operations, learning, business and human resources:

Ryan Boughen, Superintendent of School Operations
 Derrick Huschi, Superintendent of School Operations
 Lori Meyer, Superintendent of Learning
 Steve Robitaille, Superintendent of Business
 Darran Teneycke, Superintendent of School Operations
 Diana Welter, Manager of Human Resources

Together with the Director of Education, each member of the Central Administrative Council assumes responsibility for a leadership portfolio designed to ensure the effective implementation of Board of Education policy in Prairie South School Division. The Central Administrative Council works closely with school and division-based staff.

Transportation

Prairie South School Division safely transports a significant number of students in a diverse mix of rural and urban communities to and from school on a daily basis. Rural students are transported long distances in some of the most sparsely populated areas of Saskatchewan, while urban students are transported when the distance between school and home is over one kilometer.

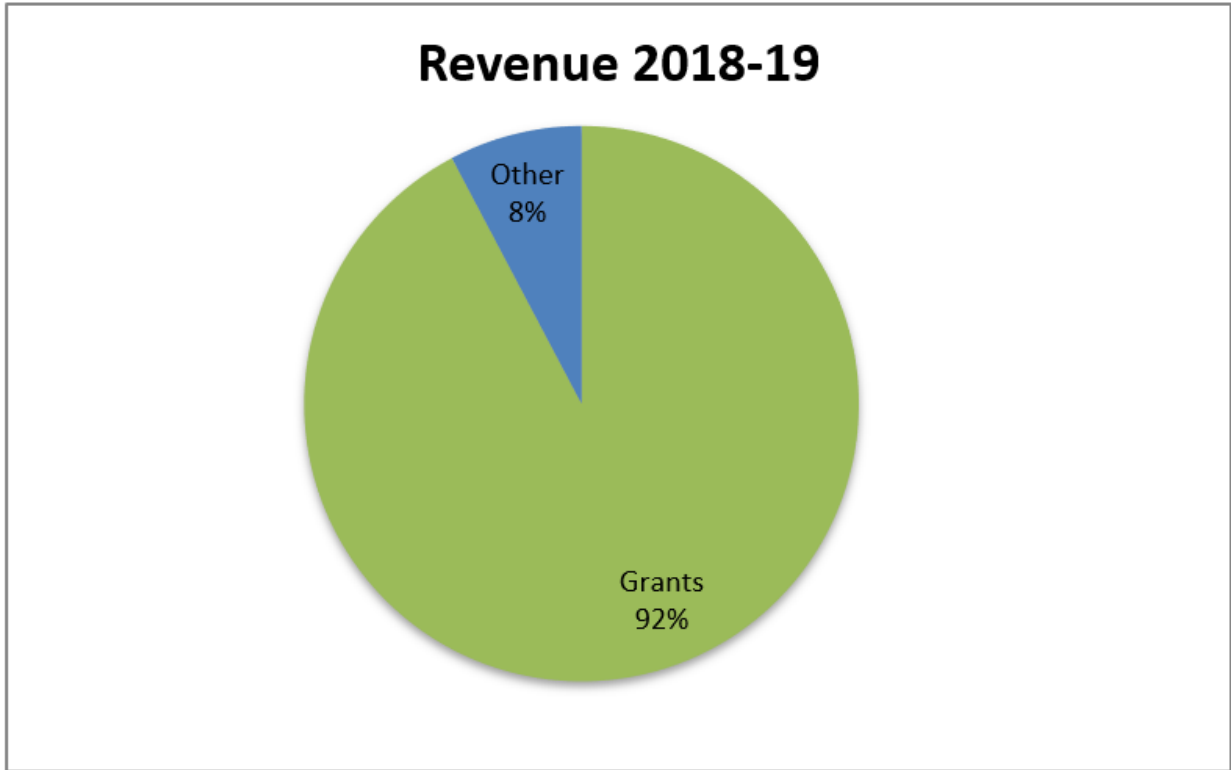

Prairie South School Division operates and maintains a transportation and maintenance fleet to support transportation and facilities functions in the school division. In addition, Prairie South School Division provides contracted maintenance services to Holy Trinity Catholic School Division to ensure the safe maintenance of their fleet.

In 2018-2019, Prairie South School Division concluded a formal partnership agreement with Holy Trinity related to the expansion of a previous agreement to transport Holy Trinity students. This agreement will result in a single, standardized school transportation system in the southern half of the City of Moose Jaw beginning in the 2019-2020 school year. Prairie South currently transports rural students from the Moose Jaw catchment for Holy Trinity and provides some specialty bus service for that school division in the City of Moose Jaw.

Transportation Statistics (2018-2019 School Year)	
Students transported	2,598
In-town students transported (included in above)	839 (Urban - Moose Jaw)
Transportation routes	105
Number of buses	148
Kilometers travelled daily	18,404
Average age of bus	7.63 Years
Capacity utilized on buses	67.8% (Average)
Average one-way ride time	27 minutes
Longest one-way ride time	91 minutes
Charter Trip kilometers	96,204
Regular Route kilometers	3,345,344
Total kilometers travelled	3,441,548
Cost per student per year	\$2,488.00
Cost per kilometer travelled	\$1.88

Financial Overview

Explanation for Variances (All variances that are greater than positive or negative 5% must be explained)

Note	Explanation
1	Taxes collected by government
2	Tuition higher than budgeted; Transportation fees not budgeted
3	SGF revenue is budgeted on a three year average; SGF revenue is controlled at the school level
4	Grant revenue higher than budgeted
5	Increase in contracted bus repair revenue; Interest income higher than budgeted
6	PMR and contracted maintenance higher than budgeted
7	Tuition expense not budgeted
8	SGF expense is budgeted on a three year average; SGF expense is controlled at the school level
9	Uncollectable receivable written off

Audited Financial Statements

Of the Prairie South School Division No. 210

School Division No. 2100500

For the Period Ending: August 31, 2019

Stephen Robitaille, MBA
Chief Financial Officer

Stark & Marsh CPA LLP
Auditor

Note - Copy to be sent to Ministry of Education, Regina

Management's Responsibility for the Financial Statements

The school division's management is responsible for the preparation of the financial statements in accordance with Canadian public sector accounting standards and the format specified in the Financial Reporting Manual issued by the Ministry of Education. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The school division's management maintains a system of accounting and administrative controls to ensure that accurate and reliable financial statements are prepared and to provide reasonable assurance that transactions are authorized, assets are safeguarded, and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Board of Education is composed of elected officials who are not employees of the school division. The Board is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control, and for approving the financial statements. The Board is also responsible for the appointment of the school division's external auditors.

The external auditors, Stark and Marsh, conduct an independent examination in accordance with Canadian auditing standards and express their opinion on the financial statements. The accompanying Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the school division's financial statements. The external auditors have full and free access to, and meet periodically and separately with, both the Board and management to discuss their audit findings.

On behalf of the Prairie South School Division No. 210:

Board Chair

CEO/Director of Education

Chief Financial Officer

November 20, 2019

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of Prairie South School Division No. 210:

Opinion

We have audited the financial statements of Prairie South School Division No. 210, which comprise the statement of financial position as at August 31, 2019, and the statements of operations and accumulated surplus from operations, statement of changes in net financial assets and changes in cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the organization as at August 31, 2019, and its results of operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the organization's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITOR'S REPORT (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

1. AUTHORITY AND PURPOSE

The school division operates under the authority of *The Education Act, 1995* of Saskatchewan as a corporation under the name of “The Board of Education of the Prairie South School Division No. 210” and operates as “the Prairie South School Division No. 210”. The school division provides education services to residents within its geographic region and is governed by an elected board of trustees. The school division is exempt from income tax and is a registered charity under the *Income Tax Act*.

2. SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian public sector accounting standards for other government organizations as established by the Public Sector Accounting Board (PSAB) and as published by the Chartered Professional Accountants of Canada (CPA Canada).

Significant aspects of the accounting policies adopted by the school division are as follows:

a) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting.

b) Trust Funds

Trust funds are properties assigned to the school division (trustee) under a trust agreement or statute to be administered for the benefit of the trust beneficiaries. As a trustee, the school division merely administers the terms and conditions embodied in the agreement, and it has no unilateral authority to change the conditions set out in the trust indenture.

Trust funds are not included in the financial statements as they are not controlled by the school division. Trust fund activities administered by the school division are disclosed in Note 15 of the financial statements.

c) Measurement Uncertainty and the Use of Estimates

Canadian public sector accounting standards require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year.

Measurement uncertainty that may be material to these financial statements exists for:

- the liability for employee future benefits of \$ 2,670,000 (2018 - \$ 2,653,700) because actual experience may differ significantly from actuarial estimations.
- useful lives of capital assets and related amortization of \$4,835,995 (2018 -

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

\$5,199,719) because the actual useful lives of the capital assets may differ from their estimated economic lives.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

While best estimates are used for reporting items subject to measurement uncertainty, it is reasonably possible that changes in future conditions, occurring within one fiscal year, could require material changes in the amounts recognized or disclosed.

d) Financial Instruments

Financial instruments are any contracts that give rise to financial assets of one entity and financial liabilities or equity instruments of another entity. A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The school division recognizes a financial instrument when it becomes a party to the contractual provisions of a financial instrument. The financial assets and financial liabilities portray these rights and obligations in the financial statements. Financial instruments of the school division include cash and cash equivalents, accounts receivable, portfolio investments, and accounts payable and accrued liabilities.

All financial instruments are measured at cost or amortized cost. Transaction costs are a component of the cost of financial instruments measured using cost or amortized cost. For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenues or expenses. Impairment losses such as write-downs or write-offs are reported in the statement of operations and accumulated surplus from operations.

Gains and losses on financial instruments, measured at cost or amortized cost, are recognized in the statement of operations and accumulated surplus from operations in the period the gain or loss occurs.

Foreign currency transactions are translated at the exchange rate prevailing at the date of the transactions. Financial assets and liabilities denominated in foreign currencies are translated into Canadian dollars at the exchange rate prevailing at the financial statement date. The school division believes that it is not subject to significant unrealized foreign exchange translation gains and losses arising from its financial instruments.

Remeasurement Gains and Losses have not been recognized by the school division in a statement of remeasurement gains and losses because it does not have any financial instruments that give rise to material gains or losses.

e) Financial Assets

Financial assets are assets that could be used to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations.

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

Valuation allowances are used where considered necessary to reduce the amounts reported for financial assets to their net realizable value.

Cash and Cash Equivalents consist of cash, bank deposits and highly liquid investments with initial maturity terms of three months or less and held for the purpose of meeting short-term operating cash commitments rather than for investing purposes.

Accounts Receivable includes provincial grants receivable and other receivables. Provincial grants receivable represent capital grants earned but not received at the end of the fiscal year, provided reasonable estimates of the amounts can be made. Grants are earned when the events giving rise to the grant have occurred, the grant is authorized and any eligibility criteria have been met.

Other receivables are recorded at cost less valuation allowances. These allowances are recorded where collectability is considered doubtful.

Portfolio Investments consist of term deposits, guaranteed investment certificates at amortized cost and unrealized equity in Saskatchewan Co-operatives and Credit Unions. The school division values its portfolio investments in accordance with its policy for financial instruments, as described in Note 2 (d).

f) Non-Financial Assets

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the school division unless they are sold.

Tangible Capital Assets have useful lives extending beyond the accounting period, are used by the school division to provide services to the public and are not intended for sale in the ordinary course of operations.

Tangible capital assets are recorded at cost (or estimated cost when the actual cost is unknown) and include all costs directly attributable to the acquisition, design, construction, development, installation and betterment of the tangible capital asset. The school division does not capitalize interest incurred while a tangible capital asset is under construction.

The cost of depreciable tangible capital assets, net of any residual value, is amortized on a straight line basis over their estimated useful lives as follows:

Land improvements (pavement, fencing, lighting, etc.)	20 years
Buildings	50 years
Buildings – Upgrade	25 years
Buildings – short-term (portables, storage sheds, outbuildings, garages)	20 years
School buses	12 years
Other vehicles – passenger	5 years

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

Other vehicles – heavy (graders, 1 ton truck, etc.)	10 years
Furniture and equipment	10 years
Computer hardware and audio visual equipment	2-5 years
Computer software	5 years

Assets under construction are not amortized until completed and placed into service for use.

Inventory of Supplies for Consumption consists of supplies held for consumption by the school division in the course of normal operations and are recorded at the lower of cost and replacement cost.

Prepaid Expenses are prepaid amounts for goods or services which will provide economic benefits in one or more future periods. Prepaid expenses include insurance premiums, Saskatchewan School Boards Association membership fees, Workers' Compensation premiums, software licenses, technical support, League of Educational Administrators Directors and Superintendents membership dues, instrument rental fees, permits, association memberships and Saskatchewan Health Authority services.

g) Liabilities

Liabilities are present obligations arising from transactions and events occurring prior to year-end, which will be satisfied in the future through the use of assets or another form of economic settlement.

Accounts Payable and Accrued Liabilities include accounts payable and accrued liabilities owing to third parties and employees for work performed, goods supplied and services rendered, but not yet paid, at the end of the fiscal period.

Liability for Employee Future Benefits represents post-employment and compensated absence benefits that accrue to the school division's employees. The cost of these benefits is recorded as the benefits are earned by employees. The liability relating to these benefits is actuarially determined using the projected benefit method pro-rated on service. Actuarial valuations are performed periodically using assumptions including discount rate, inflation, salary escalation, termination and retirement rates and mortality. An actuary extrapolates these valuations when a valuation is not done in the current fiscal year. Actuarial gains and losses are amortized on a straight line basis over the expected average remaining service life of the related employee groups.

h) Employee Pension Plans

Employees of the school division participate in the following pension plans:

Multi-Employer Defined Benefit Plans

The school division's employees participate in one of the following multi-employer defined benefit plans:

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

- i) Teachers participate in the Saskatchewan Teachers' Retirement Plan (STRP) or the Saskatchewan Teachers' Superannuation Plan (STSP). The school division's obligation for these plans is limited to collecting and remitting contributions of the employees at rates determined by the plans.
- ii) Other employees participate in the Municipal Employees' Pension Plan (MEPP). The plan is accounted for as a defined contribution plan whereby the school division's contributions are expensed when due.

i) Revenue Recognition

Revenues are recorded on the accrual basis. Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues, provided the amount to be received can be reasonably estimated and collection is reasonably assured.

The school division's sources of revenue include the following:

i) Government Transfers (Grants)

Grants from governments are considered to be government transfers. Government transfers are recognized as revenues when the transfer is authorized, all eligibility criteria have been met, except when, and to the extent, stipulations by the transferor give rise to an obligation that meets the definition of a liability. Transfers with stipulations are recorded as deferred revenue and recognized as revenue in the statement of operations and accumulated surplus from operations as the stipulation liabilities are settled.

ii) Property Taxation

On January 1, 2018, pursuant to the *Education Property Tax Act*, the Government of Saskatchewan became the taxing authority for education property tax. As of that date, the school division no longer earns taxation revenue.

Prior to January 1, 2018, the school division levied and collected property tax on a calendar year basis. Uniform education property tax mill rates were set by the Government of Saskatchewan. Tax revenues were recognized on the basis of time with 1/12th of estimated total tax revenue recorded in each month of the school division's fiscal year. Tax revenue for September to December 2017 was based on actual amounts reported by the municipalities for the calendar taxation year.

iii) Fees and Services

Revenues from tuition fees and other fees and services are recognized in the year they are earned. Amounts that are restricted pursuant to legislation, regulation or agreements with external parties that may only be used in the conduct of certain programs or in the delivery of specific services and transactions are initially recorded as deferred revenue

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

and subsequently recognized as revenue in the fiscal year the related expenses are incurred or services are performed.

iv) Interest Income

Interest is recognized as revenue when it is earned.

v) Other (Non-Government Transfer) Contributions

Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the school division if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.

3. PORTFOLIO INVESTMENTS

Portfolio investments are comprised of the following:

	2019	2018
Portfolio investments in the cost or amortized cost category:	<u>Cost</u>	<u>Cost</u>
Affini, GIC, Interest of 2.90%, due March 4, 2020	\$ 1,000,000	\$ -

5. EMPLOYEE FUTURE BENEFITS

The school division provides certain post-employment, compensated absence and termination benefits to its employees. These benefits include accumulating non-vested sick leave, severance benefits (vested sick leave) and accumulating vacation banks. The liability associated with these benefits is calculated as the present value of expected future payments pro-rated for service and is recorded as Liability for Employee Future Benefits in the statement of financial position. Morneau Shepell Ltd, a firm of consulting actuaries, performed an actuarial valuation as at March 31, 2018 and extrapolated the results to estimate the Liability for Employee Future Benefits as at August 31, 2019.

Details of the employee future benefits are as follows:

	2019	2018
Long-term assumptions used:		
Discount rate at end of period	1.93%	3.00%
Inflation and productivity rate (excluding merit and promotion) - Teachers	2.50%	2.50%
Inflation and productivity rate (excluding merit and promotion) - Non-Teachers	3.00%	3.00%
Expected average remaining service life (years)	13	13

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

Liability for Employee Future Benefits	2019	2018
Accrued Benefit Obligation - beginning of year	\$ 2,257,500	\$ 2,778,600
Current period service cost	166,400	206,900
Interest cost	69,700	77,700
Benefit payments	(199,100)	(190,500)
Actuarial (gains) losses	226,200	(615,200)
Plan amendments	(1,800)	-
Accrued Benefit Obligation - end of year	2,518,900	2,257,500
Unamortized Net Actuarial Gains	151,100	396,200
Liability for Employee Future Benefits	\$ 2,670,000	\$ 2,653,700

Benefit cost	145,700	235,300
Interest cost	69,700	77,700
Total Employee Future Benefits Expense	\$ 215,400	\$ 313,000

6. PENSION PLANS

Multi-Employer Defined Benefit Plans

Information on the multi-employer pension plans to which the school division contributes is as follows:

i) Saskatchewan Teachers' Retirement Plan (STRP) and Saskatchewan Teachers' Superannuation Plan (STSP)

The STRP and STSP provide retirement benefits based on length of service and pensionable earnings.

The STRP and STSP are funded by contributions by the participating employee members and the Government of Saskatchewan. The school division's obligation to the STRP and STSP is limited to collecting and remitting contributions of the employees at rates determined by the plans. Accordingly, these financial statements do not include any expense for employer contributions to these plans. Net pension assets or liabilities for these plans are not reflected in these financial statements as ultimate responsibility for retirement benefits rests with the Saskatchewan Teachers' Federation for the STRP and with the Government of Saskatchewan for the STSP.

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

Details of the contributions to these plans for the school division's employees are as follows:

	2019			2018
	STRP	STSP	TOTAL	TOTAL
Number of active School Division members	645	10	655	665
Member contribution rate (percentage of salary)	9.50% / 11.70 %	6.05% / 7.85 %	6.05% / 11.70 %	6.05% / 13.50%
Member contributions for the year	\$ 4,406,399	\$ 4,937	\$ 4,411,336	\$ 5,099,681

ii) Municipal Employees' Pension Plan (MEPP)

The MEPP provides retirement benefits based on length of service and pensionable earnings.

The MEPP is funded by employer and employee contributions at rates set by the Municipal Employees' Pension Commission.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. Any actuarially determined deficiency is the responsibility of the participating employers and employees which could affect future contribution rates and/or benefits.

The contributions to the MEPP by the participating employers are not segregated in separate accounts or restricted to provide benefits to the employees of a particular employer. As a result, individual employers are not able to identify their share of the underlying assets and liabilities, and the net pension assets or liabilities for this plan are not recognized in these financial statements. The plan is accounted for as a defined contribution plan whereby the school division's contributions are expensed when due.

Details of the MEPP are as follows:

	2019	2018
Number of active School Division members	561	560
Member contribution rate (percentage of salary)	9.00%	8.15%-9.00%
School Division contribution rate (percentage of salary)	9.00%	8.15%-9.00%
Member contributions for the year	\$ 1,269,977	\$ 1,166,197

13. ACCUMULATED SURPLUS

Accumulated surplus represents the financial assets and non-financial assets of the school division less liabilities. This represents the accumulated balance of net surplus arising from the operations of the school division including school generated funds.

Certain amounts of the accumulated surplus, as approved by the board of education, have been designated for specific future purposes. These internally restricted amounts, or designated assets, are included in the accumulated surplus presented in the statement of financial position. The school division does not maintain separate bank accounts for the designated assets.

Details of accumulated surplus are as follows:

	August 31 2018	Additions during the year	Reductions during the year	August 31 2019
Invested in Tangible Capital Assets:				
Net Book Value of Tangible Capital Assets	\$ 52,592,088	\$ 2,326,539	\$ 4,851,811	\$ 50,066,816

- (1) **PMR Maintenance Project Allocations** represent transfers received from the Ministry of Education as funding support for maintenance projects on the school division's

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

approved 3-year capital maintenance plans. Unspent funds at the end of a fiscal year are designated for future approved capital plan maintenance project expenditures.

14. BUDGET FIGURES

Budget figures included in the financial statements were approved by the board of education on May 1, 2018 and the Minister of Education on August 22, 2018.

15. TRUSTS

The school division, as the trustee, administers trust funds for teacher deferred salary leaves and for scholarships. The last of the scholarship funds held by the school division were transferred to the Prairie South Schools Bursary Fund during the reporting year. The trust assets and transactions are not included in the financial statements.

Information about these trusts is as follows:

16. CONTRACTUAL RIGHTS

Significant contractual rights of the school division are as follows:

- Prairie South School Division will provide bussing services for some Holy Trinity Roman Catholic Separate School Division students in the City of Moose Jaw for the

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

2019/20 school year for a cost of approximately \$119,000. For future years Prairie South School Division will claim the grant funding for the students bussed.

	Bus Service to Holy Trinity
2020	\$ 119,000
2021	120,000
2022	120,000
2023	120,000
2024	120,000
Total Contractual Rights	\$ 599,000

17. CONTINGENT LIABILITIES

Litigation

The school division has been named as a defendant in certain legal actions in which damages have been sought. The outcome of these actions is not determinable as at the date of reporting and accordingly, no provision has been made in these financial statements for any liability that may result. The school division's share of settlement, if any, will be charged to expenses in the year in which the amount is determinable.

Loan Guarantee

The school division has guaranteed a loan with the Bank of Montreal on property currently owned by Cornerstone Christian School, an associate school of the school division. The corresponding Title Transfer Agreement with the school would provide the school division with the title to the educational real property of Cornerstone Christian School upon default of the loan.

The loan was renegotiated on September 28, 2012 in the amount of \$822,000 with Bank of Montreal.

The balance of the loan at August 31, 2019 is \$285,261 (which includes principal and interest) and the loan is in good standing. The loan is a 10 year term at a fixed rate of 3.46% per annum.

18. CONTRACTUAL OBLIGATIONS AND COMMITMENTS

Significant contractual obligations and commitments of the school division are as follows:

- photocopying services through Success Office Systems at an estimated annual cost of \$275,000-\$300,000. The contract expires August 31, 2020 and is a rental contract based 100% on costs per copy.
- contract for purchase-cards with Bank of Montreal. There is no actual payment to

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

the vendor but significant dollars flow through the cards. The contract expires May 10, 2021.

- contract for office supplies and furnishings with Supreme Office Products dated October 31, 2014 which renews annually unless terminated by either party. Annual spending is \$250,000 to \$300,000.
- contract for natural gas with Twin Eagle Resource Management which expires October 31, 2021. Estimated annual cost is \$325,000.
- contract with Saskatchewan Government Insurance (SGI) for driver education funding. The contract is open-ended and its value varies with the number of students trained in a year. An average value would be approximately \$235,000.
- contract with Veritev for the supply of caretaking supplies. The contract expires August 31, 2021 but includes an option to extend for two additional years. An average value for the annual spend would be approximately \$275,000.

19. COMPARATIVE INFORMATION

Certain comparative figures have been reclassified to conform to the current year's presentation

20. SUBSEQUENT EVENTS

Subsequent to the year end the school division entered into an agreement jointly with the Government of Saskatchewan, Holy Trinity Roman Catholic Separate School Division (Holy Trinity) and Colliers Project Management for Project Management Services for the proposed Joint-Use School (JUS) to be constructed in Moose Jaw. Within its 2019-20 operating budget, the Government of Saskatchewan announced \$1,000,000 for the planning and design of the new Joint-Use School. An additional \$750,000 was given to Holy Trinity in a previous year that is to be used to cover project management and preliminary design costs. Also subsequent to the year end, the school division will be working with Holy Trinity and the Ministries of Education and Government Relations for the procuring of a site for the new school. An accountability Agreement between the Government of Saskatchewan and the school divisions will be forthcoming. The Project Manager will be working with the school divisions to select the design team and prepare for the design and construction of the JUS.

21. RISK MANAGEMENT

The school division is exposed to financial risks from its financial assets and liabilities. These risks include credit risk, liquidity risk and market risk (consisting of interest rate risk and foreign exchange risk).

i) Credit Risk

Credit risk is the risk to the school division from potential non-payment of accounts receivable. The credit risk related to the school division's receivables from the provincial

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

government, federal government and their agencies are considered to be minimal. For other receivables, the school division has adopted credit policies which include a regular review of overdue accounts.

The school division does not have a significant exposure to any individual customer. Management reviews accounts receivable on a case by case basis to determine if a valuation allowance is necessary to reflect impairment in collectability.

The aging of grants and other accounts receivable as at August 31, 2019 was:

	August 31, 2019				
	Total	0-30 days	30-60 days	60-90 days	Over 90 days
Grants Receivable	\$ 877,571	\$ 877,571	\$ -	\$ -	\$ -
Other Receivables	263,511	100,485	72,811	278	89,937
Total Receivables	\$1,141,082	\$ 978,056	\$ 72,811	\$ 278	\$ 89,937

Receivable amounts related to GST are not applicable to credit risk, as these do not meet the definition of a financial instrument.

ii) Liquidity Risk

Liquidity risk is the risk that the school division will not be able to meet its financial obligations as they come due. The school division has a guaranteed loan for Cornerstone Christian School. The principal and interest amount outstanding at August 31, 2019 is in good standing. The school division manages liquidity risk by maintaining adequate cash balances to cover its obligations, budget practices and projections of future needs for funds.

The following table sets out the contractual maturities of the school division's financial liabilities:

	August 31, 2019				
	Total	Within	6 months		
		6 months	to 1 year	1 to 5 years	> 5 years
Accounts payable and accrued liabilities	\$ 3,441,716	\$ 3,437,136	\$ 4,580	\$ -	\$ -
Total	\$3,441,716	\$3,437,136	\$ 4,580	\$ -	\$ -

iii) Market Risk

The school division is exposed to market risks with respect to interest rates and foreign currency exchange rates, as follows:

PRAIRIE SOUTH SCHOOL DIVISION NO. 210
NOTES TO THE FINANCIAL STATEMENTS
As at August 31, 2019

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The school division's interest rate exposure relates to cash and cash equivalents and portfolio investments

The school division also has an authorized bank line of credit of \$ 15,000,000 with interest payable monthly at a rate of bank prime less 0.75% per annum. Changes in the bank's prime rate can cause fluctuation in interest payments and cash flows. There was no balance outstanding on this credit facility as of August 31, 2019. This line of credit is authorized by a borrowing resolution by the Board of Education and is secured by Grants Receivable.

The school division minimizes these risks by:

- holding cash in an account at a Canadian bank, denominated in Canadian currency
- managing cash flows to minimize utilization of its bank line of credit
- investing in GICs and term deposits for short terms at fixed interest rates

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The school division is exposed to currency risk on purchases denominated in U.S. dollars for which the related accounts payable balances are subject to exchange rate fluctuations; however, the school division believes that it is not subject to significant foreign exchange risk from its financial instruments.
