

## How SCCs Can Support School Goals

### Writing – Involve/Engage

- Evening Workshops – by curriculum consultants
  - 6 traits of writing
  - writing process
  - how to support writing at home
  - online resources
  - parent/student writing (parents-students write together in evening workshop)
- Evening Presentations – bring outside authors in to discuss work
- Guest Speakers
- After school writing programs
  - author workshops – authors work with students
  - SCC members volunteer to work with students to revise writing
- SCC put on information nights about their area(s) of interest (ex. community business, wild life management) – then link information back to LIP (ex. Have students create piece of writing based on the information night)
- SCC publish student writing in community newsletter, post in local businesses, etc.
- SCC organize and oversee school newsletter (or part of), which is written by students
- SCC host school-wide writing contest
- SCC publish write traits, writing process, etc. in community letter
- SCC organize a community sponsored writing contest

### Math – Involve/Engage

- Evening Workshops – by curriculum consultants
  - new math curriculum
  - problem solving strategies
  - how to help at home with homework
  - take parents through pre-teach/post assessment process on math concept
  - math guest speakers
- Math nights
- Math fairs
- Pie day (math days)
- School Newsletter/Community Newsletter/Website
  - weekly problem solving strategy
  - weekly problem
  - math contests
- Community partnerships with local businesses (real world math)
- After school programs (math clubs)
  - SCC members support math homework
- SCC members create math problems and post in newsletter and on website

- SCC planned “math challenges”

#### Other Ideas

- Post LIP on website
- Explain LIP in newsletter/on website
- Community contest (organized by SCC) – ideas to support school’s LIP
- Teacher contest (organized by SCC) – ideas to support school’s LIP
- Share OTL data
- SCC plan to improve OTL data
- Community survey – what they need to support children at home
- SCC make up fridge magnets that have writing and math tips on them
- Multiple Intelligences
- Parenting workshops
